along these lines

Freshman orientation and commencement represent the beginnings and ends of the lines that define and shape our time here at UMR. Along the way, our individual paths intersect, altering our directions yet keeping them on a steady course.

Outside events at times threatened to disrupt the continuity of our lives. Battle lines were drawn in the sands of the Middle East; lack of state funding weakened our lines of support; and the loss of key university officials temporarily interfered with the line of leadership. This series of events interrupted the sequences of our lives, but we banded together and found strength along these lines.

War in the Gulf

August 2. Iraqi forces invade Kuwait and plunge the United States and its allies into the largest military deployment since Vietnam. For more than four months the build-up continued in the sand and blistering heat of Saudi Arabia. As Operation Desert Shield progressed, the war of words between Saddam Hussein and President Bush continued. Everyone wondered what would happen as the January 15 deadline approached.

The third Wednesday in January found most students, as well as most of the country, glued to their television sets. The shooting war had begun. The Vietnam conflict is said to have been the first television war. It brought the war into the nation's living rooms. But Operation Desert Storm became a war in which live coverage gave the world an idea what it was like to hurriedly don gas masks as sirens wailed; to hear anti-aircraft fire thunder outside the hotel of three CNN reporters; and to see for the first time, in actual combat conditions, what a smart bomb sees as it rushes toward the roof of a building until the screen goes black at the instant of detonation. Nightly we watched the news reports of the expanding air war and felt the horror as Scud missiles leaked through the Patriot missile defense and landed in Israel and Saudi Arabia.

Finally, after a ground campaign that lasted less than one hundred hours, the war was over and Kuwait liberated on Wednesday, February 27. Almost as soon as it was completed, troops began returning home for some of the most touching scenes of the entire episode. But problems still exist in the area. Hussein was not removed and is still in charge of Iraq; Allied forces stayed behind in northern Iraq to protect the Kurdish refugees forced from their homes by fear; and burning oil wells and spilled oil continue to damage the environment.

The War in the Gulf was a war of images coming in the era of sound bites and television news updates. Some are pictured on these four pages. But photographs cannot display the emotions that we all felt during the war or the terrible human toll exacted on all the countries involved. Those images will never be erased from our memories.

World News

Satellite news trucks park near the center of New Madrid, Missouri, during the week of December 3, waiting for the earthquake which never occurred and that became the biggest non-news event of the year. The earthquake was predicted by climatologist Iben Browning to occur along the New Madrid Fault, which was the site in 1811 of one of the country's strongest earthquakes. The resultant furor caused a run on all types of emergency supplies, residents to leave the area during the four day "window", and the town to be jammed with the press, making New Madrid a household word. *Photo courtesy of Steve Gaynor - Rolla Daily News.*

Defeating the Milwaukee Brewers on July 31, 1990, Texas Rangers pitcher Nolan Ryan won his 300th game. "I feel more relieved than anything else after all the buildup," Ryan said after joining the 300 Club. Ryan became one of only ten major league pitchers to win 300 games. *Wide World Photos*

The U.S. Senate rejected a constitutional amendment against flag burning on June 26, 1990. The Senate voted 58-42 in favor, leaving it nine votes short of the required two-thirds majority needed to approve amendments.

President Bush called for approval of the measure, which said that "Congress and the states shall have the power to prohibit the physical desecration of the flag of the United States." *Wide World Photos*

Massive crowds turned out for African National Congress leader Nelson Mandela at every stop on his six-week tour of three continents. Mandela visited 14 nations in Europe, North America and Africa, achieving his goals: urging foreign governments to maintain sanctions against South Africa, raising funds for the ANC and explaining the goals of his movement.

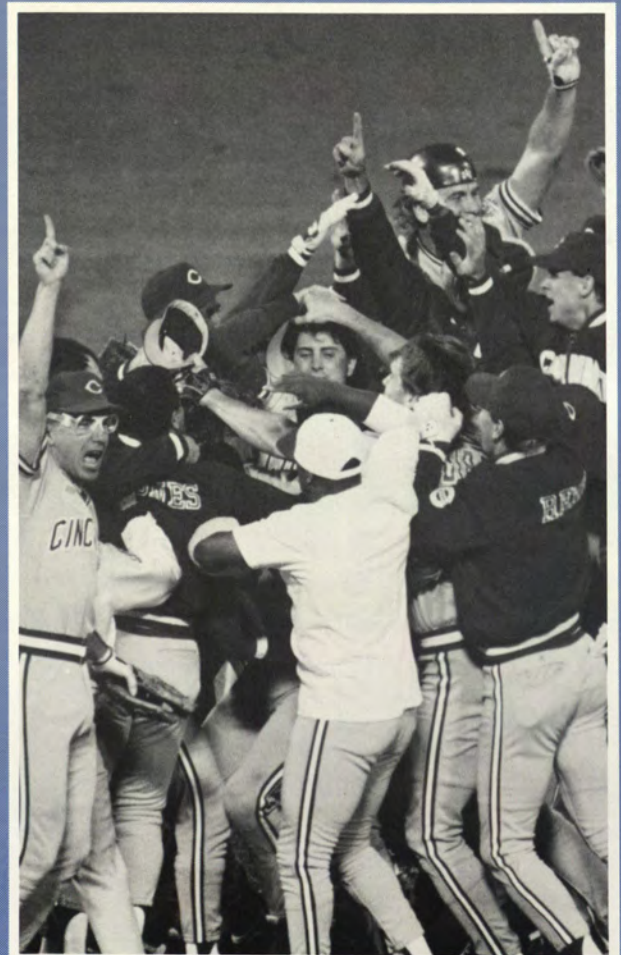

The ANC developed problems of its own as the rival Zulu Nation competed for political influence. Bloody clashes between Zulus and ANC factions threatened to destroy the progress reached by the two groups. *Wide*

World Photos

The Cincinnati Reds, given no chance to beat the Oakland Athletics, needed only four quick games to win the World Series.

The Reds completed their improbable sweep on October 20, 1990, in spite of losing two star players, Eric Davis and Billy Hatcher, to injuries. Cincinnati relied on Jose Rijo and rallied for two runs in the eighth inning to win 2-1, and that was it.

The Athletics' third straight trip to the World Series ended with yet another disappointment: 1988's loss to Los Angeles, last year's championship overshadowed by the earthquake, and this season's loss. *Wide World Photos*

Celebrating the fruits of their summit diplomacy, President Bush and Soviet President Mikhail Gorbachev shook hands and signed a sheaf of agreements, including a conditional trade accord. During the June 1990 summit, the leaders also embraced a preliminary deal to cut long-range nuclear arms.

The centerpiece arms agreement, banning chemical weapons production, was a foregone conclusion, but last-hour negotiating was necessary to settle differences on a framework for strategic arms cuts and a five-year grain deal. The two leaders also agreed to strive for an elusive agreement on reduction of troops, tanks and other conventional weapons in Europe. *Wide World Photos*

World leaders welcomed a united Germany into the international community on October 3, 1990, but concerns about the balance of power tempered some European enthusiasm.

"A new era is beginning for Germany, for Europe and indeed, we hope, for the world," Secretary of State James Baker III declared in New York.

In a message to governments worldwide, Chancellor Helmut Kohl pledged that Germany would never again pose the territorial claims that marked Germany from its initial unification in 1871 to its defeat and division in World War II. "In the future, only peace will emanate from German soil," Kohl said. His message came after Germany held a night-long celebration with fireworks and music.

The unification came 11 months after the Berlin Wall fell in a peaceful revolt that cast aside Communist East German overlords. *Wide World Photos*

The Soviet army imposed a curfew and declared a general in command of the Lithuanian capital of Vilnius on January 13, 1991, after troops seized a television tower in an assault that killed 13 and injured about 140 people. The incident was just the beginning of a year filled with headaches for Mikhail Gorbachev. Rebellious Baltic republics, unrest in the provinces, and Boris Yeltsin, Gorbachev's biggest political rival, being elected as President of Russia seemed ready to shatter the already weak Soviet Union. *Wide World Photos*

Buffalo Bills kicker Scott Norwood misses the field goal on the last play of the game, clinching the victory for the New York Giants in Super Bowl XXV in Tampa, Florida. The Giants won 20-19 in a game that kept fans in their seats and glued to their TV screens until the final second. *Wide World Photos*

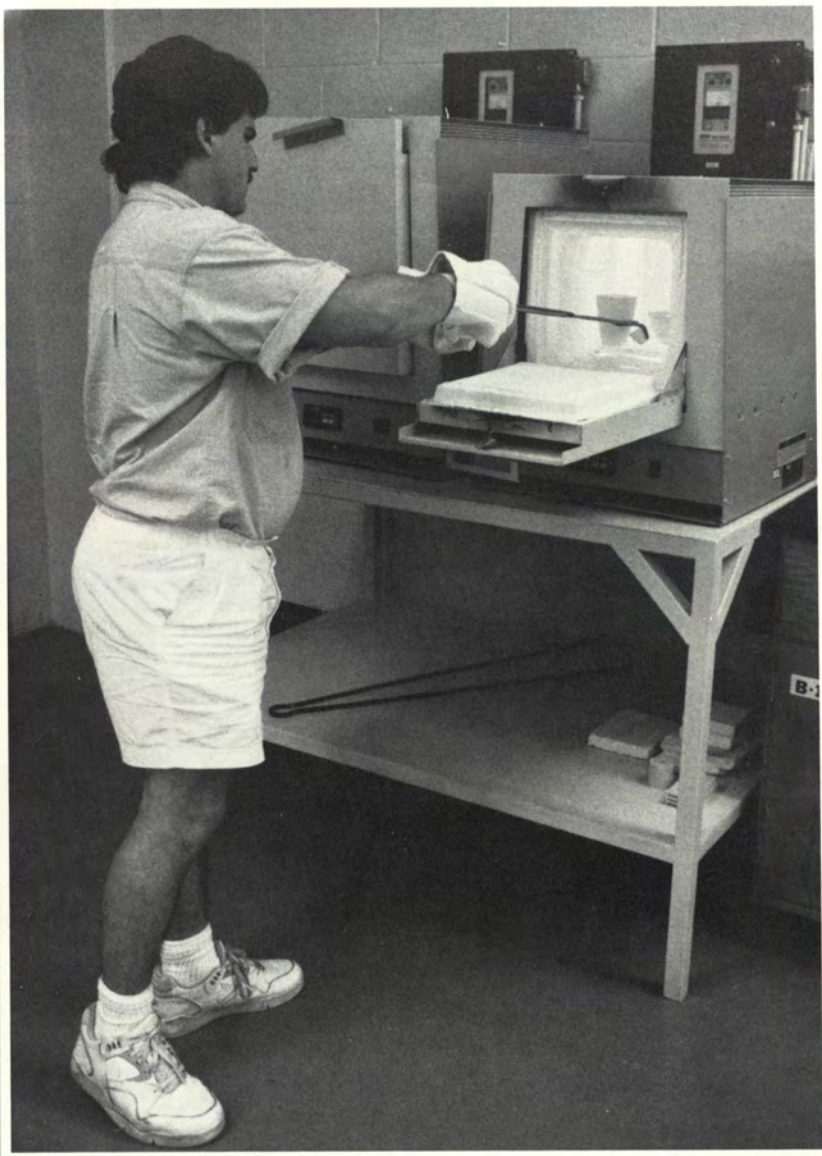

Labs - *Then and Now*

As students, a large portion of our time is spent in labs, whether they are freshman chemistry or senior design. Labs help to secure the theory learned in class with practical, first-hand experience. But if we take away the modern equipment used in some labs, they would closely compare to the classes taken by students seventy-five years ago. In fact, some labs on campus have changed little in appearance over the years. Students often complain that the equipment hasn't changed much in that time, either. The following pages compare labs of former years with those of today.

*Loss of key university
administrators and the acceptance of
one lead to...*

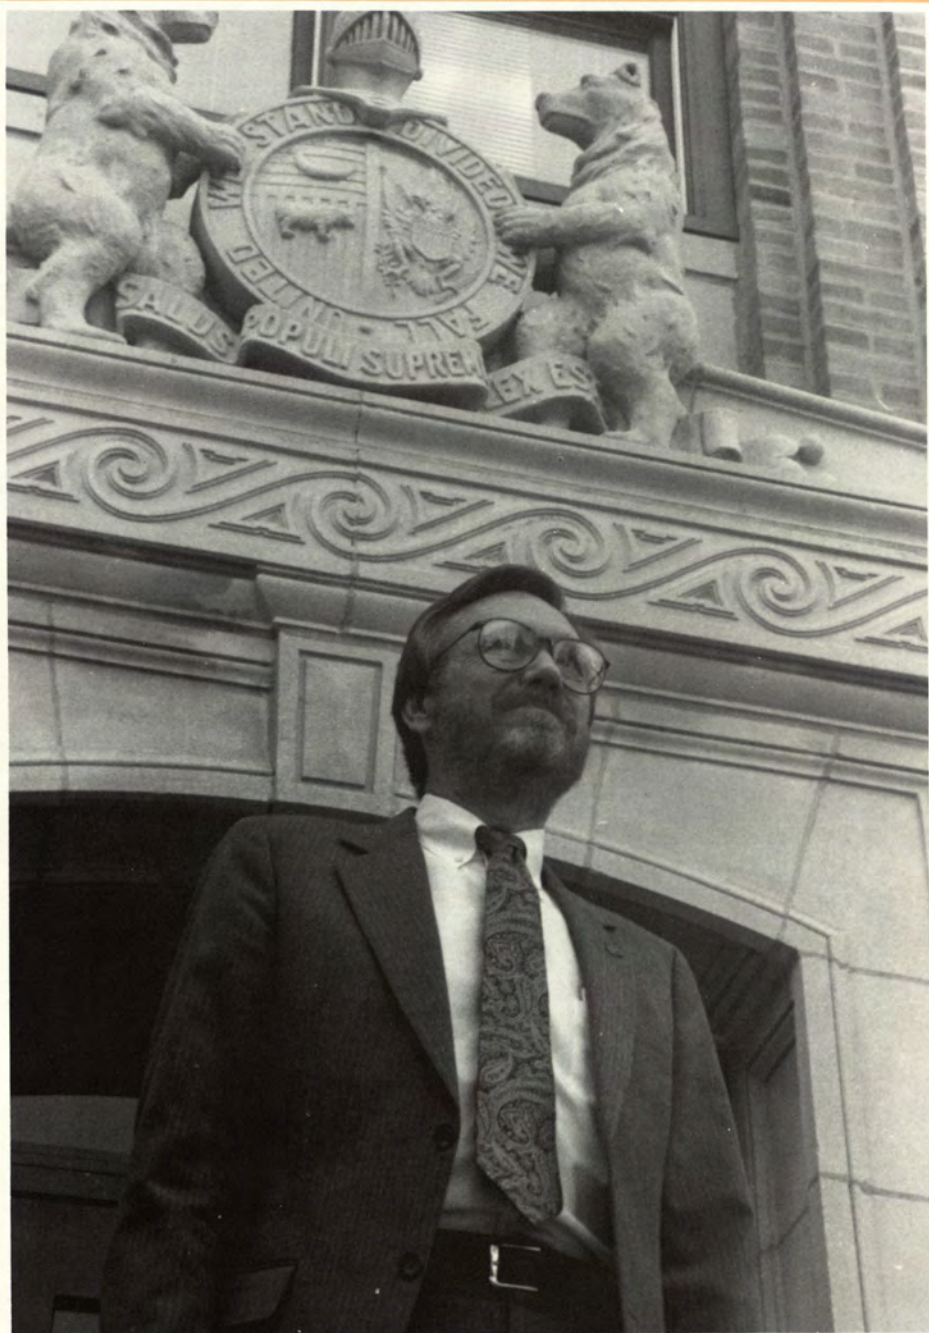

Changes

On February 21, 1991, after leading the University of Missouri-Rolla for nearly five years, Chancellor Martin Jischke announced he was accepting the position of President of Iowa State University.

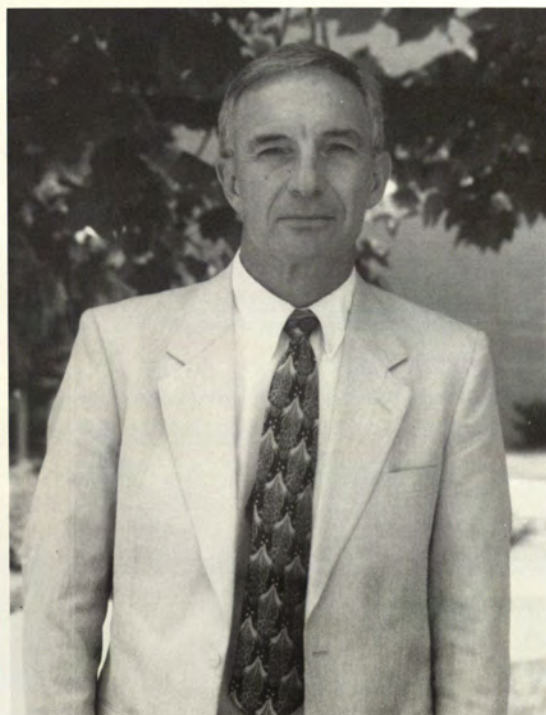

Dr. Jischke assumed his duties as chancellor on April 28, 1986. Since then, the university has made progress by expanding research and private funding and adding new degree programs.

Dr. Jischke's departure comes at a time when state support for higher education is in a decline. While he was more optimistic about higher education in the state, Jischke felt Iowa had demonstrated a deeper commitment. It also comes during a time of transition in the leadership of the entire University system. The search for his replacement had hardly begun when C. Peter Magrath, president of the four-campus University of Missouri system, was named president of the National Association of State Universities and Land Grant Colleges. The search for Jischke's replacement will not be continued until a new UM president has been chosen.

While the search is on for Jischke's replacement, Dr. John Park (left), Vice Chancellor for Academic Affairs, has been appointed interim chancellor. Dr. Park previously served as the chairman of the UMR Physics Department.

Before leaving the campus, Dr. Jischke announced that John Fulton (below) would be named dean of the College of Arts and Sciences at UMR. Dr. Fulton holds a bachelor of science degree in engineering mathematics from North Carolina State University in Raleigh. He also received his master's and doctorate degrees in mathematics from North Carolina State. At the time of his acceptance, Dr. Fulton was dean of the University of West Florida's College of Arts and Sciences.

Upper Right: Bob Daniels relaxes at the pool on a warm fall day. Photo by Eric Hedges.

Two North

Two North took second in the SUB volleyball Tournament. It took first in the residence hall Blood Drive and Penny Mile. These accomplishments show why Two North is the ultimate floor.

Three North

There was never a dull moment on Three North this year. The floor participated in interfloor activities like the Penny Mile, indoor soccer, and intramural sports. No one will ever forget water polo, Hindu Death Sledding, and Nintendo. The floor also went to a Blues game, went bowling and canoeing, and had its annual Lane Springs party.

Four North

Four North has participated in interfloor softball. They had their 10th Annual Pearl Harbor Party, 3rd Annual Male Sale, and 3rd Annual Midway Party.

Five North

Five North traveled quite a bit this year. They went skiing with Ten South, went shopping in St. Louis, and took a camping trip. To raise money the floor sold Love Pops.

Six North

SIX NORTH: Front Row-Chris Huffman, Bryan Penning, Tony Phillips. Second Row-Michael Elliott, Mike Lind (R.A.), James DeVaney Jr., Robert Seydel. Third Row-Shawn Lewinski, Darin Walker, Dan Kirtlink, Ken Bridges, Matt Parker, David Bosch, Brent Massey, Kevin Como, Maurice Williams, Chun-Kee "Calvin" Ng. Fourth & Fifth Row-Peter Hackett, John Cash, Robert Johnson, Jason Dickens, Kirk Shoeck, Kevin Delinger, Troy Fuller, Darren Guttman, Ary Meyers, Jeff Mitchell, Jefferson Gilkey, Rob Niedergerke, Randy Stuckmeyer, Chun Park, Phillip Littlefield, Tim Krueger, Ed Rapien, Navdeep Thakur, Dan Smith, Jeremy Wade. Photo by Brad Gardner.

Six North

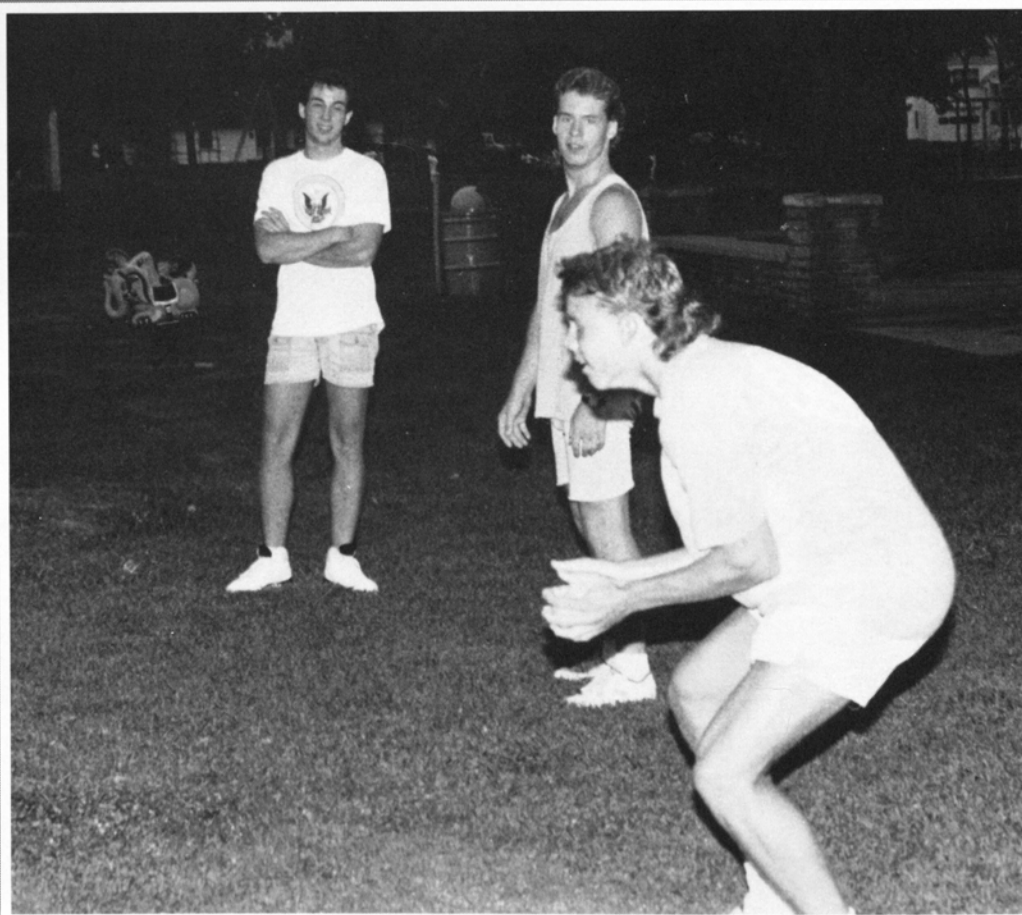

Six North competed against Ten South in Commando War Games. They have an active Spelunking program and have Movie Nights every Wednesday night. Six North is home to some of the finest murals in the building and are Secret Pals to the girls of Five North.

Seven North

The "Top Guys" of Seven North are proud that they adopted a needy family over Thanksgiving. The members raised nearly \$100 by working at Krogers and were able to buy a full Thanksgiving meal for the adopted family.

Two South

Two South had a busy year. They painted three murals: Pink Floyd, Bart Simpson, and Garfield. They had three Watermelon Fests from home-grown watermelons as study breaks. During the StuCo Free Day, several members of the floor had a Wheee Fest at Panama Jaxs. The floor also began recycling cans and raffled off their floor microwave. They held a "Welcome Back" movie night at the beginning of the second semester and had special study breaks during finals. Two South took second place in the TJHA Pumpkin Carving Contest, made floor boxer shorts, and held a Mary Kay party.

Three South

Three South was busy this year with several activities. We sold Kiss-O-Grams to raise money, recycled, won the Sexy Legs Contest, and had pizza and movie nights. We also painted a mural.

Above: Three cool dudes enjoy games at the TJ Watermelon Party.

Photo by Mike Schmid.

Four South

Food seemed to be the operative word on Four South. Members made weekly runs to Mr. Donut and to Denny's. The floor held several pizza nights and had a Bar-B-Q. They held movie night, which included popcorn. Altogether, it was a good year for Four South.

Five South

The snow was great entertainment for Five South. They had snowball fights with Lambda Chi and other groups. The floor went sledding with no casualties unlike other floors. They held a birthday party for their R.A. They participated in Punch Bowl and the pumpkin carving contest. At Lane Springs, Five South held a multi-floor party.

Six South

Six South was an active floor during the 1990-91 school year. They held movie nights, went caving and participated in many activities. They were in the SUB College Bowl and played football at Schuman park. During the winter, they went skiing, ice skating, and sledding.

Eight South

EIGHT SOUTH: Bottom Row-(Upside-down) Jeff Wallendorf, Jason McFarland, John Surls, David Hockanson (R.A.). Second Row-Brian Collingham, Greg Gollaher, David Hollensteiner, Gonzalo Rodriguez, Gary Hubbard, Todd Bridgeman, Tim Piper, Danny Brauhn, Audie Pilliam, Jason Christenson, Craig Wyzik. Top Row-Mark Norton, Justin Hightower, Joe Gailey, Charles Janson.

Photo by John Lochirco

Eight South

Eight South was a very active floor. They took road trips to Columbia and Elephant Rocks. In their free time they instituted a successful series of controversial movie discussions. The floor took a camping trip on January 26 & 27 to Bell Mountain in the Mark Twain National Forest. Most importantly, they formed the Eight South Hit Squad.

Nine South

Christmas cheer and friendly smiles lasted all year through on Nine South. The floor community grew through Christmas hall decorating; recycling cans, newspaper, and glass; and painting Spaceman Spiff in the Study Lounge for the mural contest. Nine South's wits were challenged by the Quad's House B. The winner was to receive a party. Unfortunately, the floor had to give the guys a picnic. However, these Miners know that "A woman needs quality, not quantity!" Oh, and by the way Seven South: **"Not a chance!"**

Ten South

Ten South was perhaps the most traveled floor in TJ. They took trips to Kansas City and Hidden Valley. When not on road trips they participated in other interfloor activities. They won second place in the scavenger hunt and had a good time at the War Games.

Eleven South

Eleven South kept themselves busy this year. They, too, participated in the paint pellet War Games. They played interfloor softball and played intramural volleyball. They held the TJ softball record of 2-2. They also went to a Blues game.

Seventh Row-Doug Ingerly, Matt Seabaugh *Photo by Jason Meriwether.*

The 1990-91 year had been a busy one for House A. In addition to successfully obscuring our all encompassing plan for world dominance by 1997 with a realistic imitation of maintaining what passes for the status quo here in Kelly Hall, we have also managed to field a respectable roller hockey team, participate in the all-Quad miniature golf tournament with the most extravagant hole, and to subject our television lounge furniture to sustained radiation bombardment test through our 24 hour television viewing program. Truly, this has been one of our finest hours.

We did house shirts, door decorations, RHA meetings, Yogi Bear, indoor soccer, Quad parties, and general apathy. Our interests on the floor varied from chasing trains, volleyball, softball, basketball, soccer, and computers to heavy metal music. Our golf hole was awesome and we participated in unique ways. Our Governor, Tim Schroeder, did organize a pizza party, and our Lt. Governor did organize a floor viewing of the Simpsons in January. We have renamed House D the "Penthouse Suites."

Back Row-Glen Graham, Tom Pazdera, Joe Frericks, Eric Parsons, Jim Saunders, Todd Kelsheimer, Darin Halter, Howie Wilkins

The brothers of the Nu Deuteron Chapter of Alpha Epsilon Pi have had an extremely successful year during the 1990-1991 school year at UMR. It all started off when AEPi initiated fourteen new brothers into the fraternity. This was followed by a strong third place showing in the UMR Homecoming competition.

The Winter Semester turned out to be even more successful than the Fall Semester for AEPi. The biggest news of the semester was AEPi's first place finish in the St. Pat's competition. After winning five out of ten games and placing second in the other five games, AEPi is already getting psyched to win St Pat's again next year. AEPi also built its first cudgel in over ten years which took third place. AEPi also took first place in division two intramural softball this year and is ready to do the same in other intramural sports next year.

With numerous campus organization officers and members and good rush prospects, the brothers of Alpha Epsilon Pi hope to fill their house next year and continue to be one of the leading fraternities on campus.

The 1990-91 school year was one of ups and downs for the brothers of Beta Sigma Psi. The low point came over Thanksgiving when we lost one of our brothers, Timothy R. Kettler, in an automobile accident. It was a hard time for all of us, but we know Tim is with Christ in Heaven.

The highest point of the year came at St. Pat's when we took first place in the float competition with "Frankenstein's Monster." When we say "It's Alive," we mean it. With this outstanding entry and lots of teamwork and brotherhood we were able to place third overall in the St. Pat's Celebration.

Fun abounded on the Beta Sig social calendar with many and varied activities. Some of the highlights were our trip to the fraternity's national basketball tournament at the University of Illinois in April, our traditional Ugly Man Party for charity in March and the Viking Dinner with Chi Omega later in the spring.

Beta Sigma Psi will continue to build on our tradition of excellence. We'll work hard to stay the best.

The 1990-91 school year has been a successful one for the Epsilon Nu chapter of Delta Tau Delta. A solid pledge class in the fall semester helped create a strong base for the chapter for future growth. A new alcohol responsibility policy was handed down from Delta Tau Delta National in August 1990 and will provide a healthy atmosphere to foster true brotherhood at Delta Tau Delta for years to come.

The highlight of the 1990-91 school year was the 1991 Regional Conference held in Tempe, Arizona. At this conference, the Epsilon Nu chapter was awarded the Delta Tau Delta Court of Honor award recognizing Epsilon Nu as one of the top 24 chapters of Delta Tau Delta's 125. Epsilon Nu was also awarded an Academic Performance Programming Award for being first among UMR's fraternities in chapter GPA for three consecutive semesters. On April 17, 1991, Epsilon Nu was awarded a Chapter Excellence award from the IFC recognizing the efforts of this Delta Tau Delta chapter on the UMR campus in several areas.

Plans were kicked off in January 1991 for the celebration of the 25th Anniversary of Delta Tau Delta on the UMR campus to be held during Homecoming 1991. Many of the 214 proud Delta initiates of this chapter are expected to return to Rolla for a weekend of fond memories and rekindled friendships. With continued success, the UMR Deltas are dedicated to a positive, unconditional fraternal experience for many years to come.

Kappa Alpha

KAPPA ALPHA: Front Row: Ricky Finley, Ben Oberkirsch, Doug Mitchell, Steven Drake, Grant Jokerst, James Mack, David Witt, David Chollino, Scot Colgrove, Craig Loafman, Charles Cook. Second Row: Todd Durbin, Kevin Burkett, John Williams, Fred Steinkuehler, Vernon Smith, Scott Jennings, Bill Bockman, Matthew Lyons, John Tarpley, Allen Sehrt, Marc Thomas, Robert Tallon. Third Row: John Hollenbeck, Bill Avise, Doug Krause, Bradley Price, Eric Matlock, Brett Felton, Joshua Lawrence, Stephen Starwalt. **Not Pictured:** Eugene Bae, Aaron Chabino, James Cook, Kevin Ellebrecht, Joseph Guccione, Matt Licklider, Scott Link, Jason Lowry, Ron Salamie, John Sander, Phillip Sandifer, Jeffery Skillington, Jason Carter, Damon Allen, David Hicks, John Munro, Ken Sessa, Chris Jungers, Michael Castro, Brett Tisch, Jeff Gilliam, Jeff Feller, Ken Owens, Aaron Shaw, Donald Neal, Brian Haggard

The 1990-91 year was a fulfilling one for Kappa Alpha, one which saw them meeting or exceeding all of the goals they had set for the year. The chapter continues to perform well academically, athletically, socially, and scholastically.

In house, KA witnessed the growth and initiation of sixteen new brothers. They also received the Province Council award for highest GPA in the state for KA chapters.

Placing first in Greek Week for the second time in three years, KA once again continues its tradition of competition and excellence in campus activities.

By raising over \$3500 for MDA and participating in numerous community service projects, the men of KA continue to uphold the values of brotherhood and service to fellow man.

The Beta Chi chapter had a great year. Sure, we made major home improvements and scholastic achievements. We placed well in intramurals, raised money for charity, and held many social events - just like many other fraternities. However, since we have thirty pledges going into the summer, we have larger plans for next year. For example, our pledges are going to build a third floor on the house for bigger parties. We figure we have raised enough money by now to find a cure for cerebral palsy.

All joking aside, we're glad the Greek Dance was a success and we took first place in intramural soccer and second place in volleyball. The Kappa Sigma, Kappa Alpha, and St. Pat's Board "End-of-the-Year" float trip was a great success. Everyone had a good time, and fortunately no one drowned. We won third place for our St. Pat's non-float entry. We entered a pledge's car, which is identical to the "Deathmobile" in Animal House. Huleh, our new mascot, should be big enough next year to eat Bingo for lunch. We are getting tired of Sammy, our old mascot, getting pushed around by all the other dogs on Fraternity Row. Everyone at Kappa Sig and KA are glad Kappa Sig made grades, so we can keep kegs at our parties.

Finally, congratulations go to Phil McCalla for a successful semester as IFC president; and to Brothers Ed Hassinger and Chris Siles, future A.P.O. and Theta Tau presidents, respectively. Additionally, congratulations May 1991 graduates. All of us still stuck in Rolla envy you.

Sigma Chi

SIGMA CHI: Front Row-Mike Lean, Chris Leach, Kevin Meier, Matt Viehmann, Mark Nelson, Anthony Antonacci, Brad Moppins. Second Row-Don Rainbolt, Bill Broyles, Mike Sebourn, Gerhardt Redenberger, Archie Gallup, Dave Foracker, Larry Polk, Jeff Esparrageo. Third Row-Steve Ellerman, Tom Stratman, Larry Williams, Ron Oslwald, Jeff Zawila, Steve Menendez. Photo by Lisa Stiles.

The men of Sigma Chi had a very exciting year. As usual, the Sigs made a strong showing in scholastics and intramurals, as well as devoting much time and effort to various service projects. The first semester started up with the Derby Days events and the third annual Derby Days Run. The proceeds from these events went to the Cleo Wallace Center, the Sigma Chi national service project. The center serves for the treatment and rehabilitation of learning disabled and emotionally-disturbed children. In addition, the brothers participated in the Super Cities Walk for M.S., as well as various other fundraisers.

But life hasn't been all work and no play for the men of Sigma Chi. We made a good showing during both St. Pat's and Greek Week with much excitement and participation. Our fifth annual Chippendales was a huge success and we topped off a great year with the annual float trip. As yet another successful year comes to a close, the Sigs are all psyched to make next year even better.

The 1990-91 school year proved to be an excellent one for the men of Sigma Nu. Once again, Sigma Nu finished strong in intramurals and maintained its strong campus involvement. Their pursuit of excellence continued with the fall pledge class winning the Christmas house decorations for the second year in a row. During the second semester Sigma Nu welcomed 23 new brothers into the Gamma Xi Chapter.

St. Pat's 1991 made Sigma Nu proud as Brother Tris Pinzke was Mom (later elected President) and Brother Rusty Bucher was Master Guard. During Greek Week, Brother Brent Green represented Sigma Nu as the god Hades. A visit from National and a strong evaluation report demonstrated our strength among Sigma Nu chapters.

Left: Doug Rivard concentrates as Sigma Nu's band rocks Greek Sing.

Sigma Phi Epsilon

SIGMA PHI EPSILON: Front Row-Ernie, Craig Glaser, Dale Picolet, Scott Jackson, Jeff Glatz, Nick Kluckvin, Gary Lalumandier, Jacob Duke, Chris Figge, Ryan Gruhn, Brett Ware, Chris Gottman, Byron Healy. Second Row-Eric Sheldon, Gary Potter, Chris Ketcherside, Todd Althoff, Jack Gelso, Brian Zoltowski, Vance Buatte, Jeff Freeman, Benjamin Mook, Cary Hirner. Back Row-Tim Pruett, Brett Goodman, Brett Denney, Troy Shireman, Keith Blanks, Mark Huber, Sam Welge.

The Missouri Gamma Chapter of Sigma Phi Epsilon has made 1990 and 1991 a booming year for themselves fill with many activities.

Throughout the year Sig Ep dominated many intramural sports. They took first place in basketball, softball, and horseshoes. They also placed second in racquetball. The men of Sigma Phi Epsilon also proved their talents in other areas of the Greek competition by taking first in Greek Sing 1990.

Sig Ep has been active in campus organizations, holding several important offices on and off campus. By having three active members in Theta Tau Omega (Nick Klukvin, president; Tony Kertz; and Keith Banks), Sigma Phi Epsilon demonstrates its leadership. They also have members on the St. Pat's Board and in IFC. Bryan Schneller holds the office of secretary as a junior rep on the St. Pat's board. Lynn Cramer was this year's Herald in the Court and Jason Meyers was the baby rep on the St. Pat's Board.

Sigma Phi Epsilon has improved itself in many other less noticable ways. They have made many house improvements including a newly remodeled basement. Their little sister program is booming

with thirty little sisters and high hopes for more. They have topped the year off by receiving the Chapter Excellence Award and raising their present GPA 0.4 points over the previous year. Overall, Sigma Phi Epsilon enjoyed a fine year and expects much more success in the years to come.

The brothers of Sigma Pi have had a very prosperous year at UMR. We started off the year by returning from our National Convention with the Triad Award which names the Alpha Iota chapter of Sigma Pi as one of the top ten chapters. This is the fourth Triad Award in a row that we have received.

Our excellent summer and fall rush brought house numbers from the 60's in the spring to 90 in the fall. With this large number of people, Sigma Pi became very involved in many campus activities. We have held many enjoyable exchanges with Zeta Tau Alpha, Chi Omega, and Kappa Delta, not to mention our social events with the other fraternities.

Sigma Pi concentrated on more than just partying, though. We raised over \$6000 for the Gateway Chapter of the Multiple Sclerosis Society, our chapter philanthropy. We improved our chapter scholastic standing drastically and became more involved in many campus organizations, taking leadership in almost all of them.

Our Alumni relations have reached an all-time high. With special alumni functions at Homecoming, Christmas, Founders Day, St. Pat's, and Greek Week, we are striving to maintain this level of cooperation.

Sigma Pi made impressive strides in intramurals this year, winning soccer and placing high in many other sports. Our goal of winning intramurals was well within our reach this year.

The spring semester started off strongly. Rush went well, with parties being well attended. Campus involvement has increased with several leadership positions being taken. The year ended with success in St. Pat's and Greek Week. Our pledge class have proven to be one of the best and Sigma Pi is looking forward to many more great things in the future.

Sigma Tau Gamma

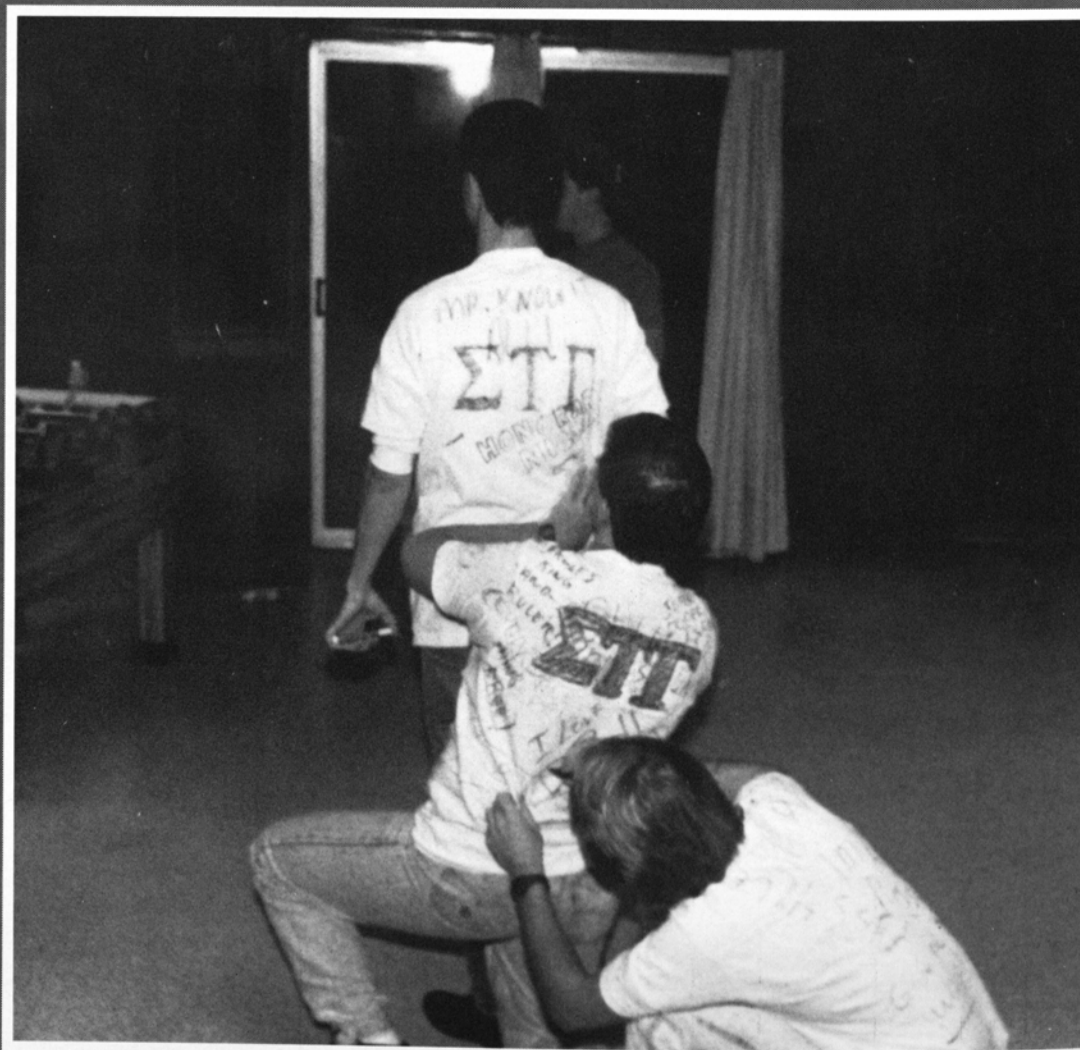

SIGMA TAU GAMMA: Front Row-Steve Keutzer, Dave Libiez, Jeff Davis, Chris Hughes. Second Row-Quentin Nuttmann, Allan Apperson, Darren Barnes, Dan Shipley, Ron Humphrey, Mark Stranczek, Toby Roberts, Neil Monson, Bo Parrish, Kevin McColgan. Back Row-Mike Stirnemann, Mark Knerr, Mike Serrage, Joe Rein. *Photo by Ed Hassinger.*

The brothers of Sigma Tau Gamma had a busy and productive year. Their grades kept improving while social activities continued to expand. Many alumni returned for Homecoming, Septemberfest, St. Pat's, and Greek Week. Combined with Spring formal, Christmas Tea, and the first annual Cassanova Night, it is obvious that they had a full social calendar.

Greek Week proved very eventful with Sig Tau's first show chariot placing fifth. All in all, it was a very good year for the Alpha Omega Chapter of Sigma Tau Gamma.

TKE

Tau Kappa Epsilon

TAU KAPPA EPSILON: Front Row-Steve Bahr, Dave Bernhard, Jim Papin, Tom Wankum, Dave Park, Chris Cattcor, Rob Wilcox, Randy Goltz. Second Row-Scott Warhover, John Landgraf, Sean Peters, Tom Dinkins, Andy Bessler, Dave Hemmer, Jim Bernette, Greg Martinez, Mike Farwig, Steve Foyle, Ben Jones, Dave Rottmann. Third Row-Kevin Brendel, Arnold Del Rosario, Rob Leach, Jeff Huettenmeyer, Mike Danz, Ted Ahrens, Tim Evenson, Henry Burkemper, Eric Husman. *Photo by Jason McHaney*

Above: TKE's carnival booth was inspired by the Gulf War. *Photo by Jason Meriwether.*

During the 1990-91 academic year, the Beta Eta Chapter of Tau Kappa Epsilon continued to maintain its long tradition of both scholastic and intrafraternal excellence.

At the close of the 1990 fall semester, the men of TKE were ranked second in overall grade point average (2.85) among the 21 UMR fraternities. In addition, TKE's

seventeen-man freshman class led all fraternity freshmen with an outstanding 2.9 grade point average.

Scholastic excellence, however, did not hinder TKE's intrafraternal competitiveness in other areas. Although TKE placed second overall in the St. Patrick's competition, they continued their St. Pat's cudgel domination by carving the first place tree for the fourth consecutive year.

Individual Tekes also made an impact on the Rolla campus this past year. Upon completing his InterFraternity Council terms, Greg "Maddog" Martinez was elected as "Zeus 1991," the highest honor attainable on the IFC. Likewise, Terry Piskorski was honored for his hard work on the St. Pat's board by being a Guard of St. Patrick.

TKE plans to maintain their strong representation in campus organizations for the 1991-92 year. Eric Boyer will serve as Vice-President of the St. Pat's Board, and Ben Jones was voted President-elect of the IFC.

Theta Xi

THETA XI: Chuck Petit, Jim Erickson, Ron Hammie, Adam Madison, Ed Jaegers, Jeff Haywood, Rob Swan, Chris Shepherd, Matt Acuff, Bill Watson, Jim Poulson, Terry Rosenthal, Brian Klenklen, Dave Maschler, Ken Murphy, Chris Jones, Greg Wyatt, Terry Bjerken, John Blair

Chi Omegas are always smiling.
Photo by Jason Meriwether.

The ladies of Chi Omega have had a busy yet fulfilling school year in 1990-1991. They proudly began the year with the initiation of five new members with another twelve being initiated in January. A successful Homecoming followed with Chi Omega's candidate, Vicki Scammacca, being chosen as queen. They then placed first overall in intramurals and second in St. Pat's and Greek Week. Chi Omega sisters Natalie McCune and Sue Burrows were chosen as St. Pat's Queen of Love and Beauty and Greek Week Queen, respectively. In addition to all this, Chi Omega placed first in scholarship for the twelfth semester in a row, as well as obtaining the highest greek GPA for the fall semester.

Chi Omega's charity work was also very important. They held their annual Halloween and Easter parties at the B.W. Robinson State School, helped at a carnival at the Wyman Elementary School and worked numerous hours through various service organizations. They are anxiously awaiting the upcoming year with

Kappa Delta

KAPPA DELTA: Front Row-Jill Gosnell, Denise Ratcliff, Bind Singh, Susan Anyan, Becky Workman. Back Row-Amy Strouse, Dena Barnhouse, Stephanie Swift.

Photo by Khan Powell.

1990-91 was a banner year for Kappa Delta. Kidnapping of the Presidents, a local philanthropy, was fun and successful once again this year, bringing in lots of canned goods for L.O.V.E. On the National Level, they organized their most successful philanthropy with their annual Shamrock Project, consisting of road blocks and a taco benefit dinner. It accumulated over \$1000 for the National Committee for the Prevention of Child Abuse. They also participated in the 3rd annual Beach Bowl with Kappa Alpha fraternity, Tag Days with Lambda Chi Alpha fraternity, Derby Days with Sigma Chi fraternity, Theta Tau Omega's Casino Night, and all of the St. Pat's festivities.

Kappa Delta was very active in the Greek world. They participated in Greek Sing's Quake Rattle and Roll with their rendition of "I Fell the Earth Move" performed by the "megaband" Aftershock. Other Greek activities include the Orange Crush Dance, Pledge Dance, Greek Hayride, and Greek Week activities. In Greek Week, they took first place in show chariot for the second year in a row and their carnival booth-Jailbirdie.

Kappa Delta is currently planning stages for their 20th Anniversary celebration in October of 1992. Among other honors, Kappa Delta was awarded a campus Chapter Excellence Award in the Spring. All the members look forward to continuing their tradition of excellence for many years to come.

Above: "Aftershock" made the earth move under our feet.

Zeta Tau Alpha had an exciting year with many accomplishments. Once again, they returned to school in the fall with the Crow Chapter Award, the most prestigious award given to a chapter by their National. They also started off the semester by reaching quota during formal rush and house total early in the semester.

The fall semester was a busy one with many service projects, such as, sing for your supper and the first annual charity volleyball tournament, which went to benefit Zeta's national philanthropy, Association of Retarded Citizens. The girls were also busy competing in intramurals, in which Zeta earned first place in volleyball.

With the spring semester came five new pledges and another wide variety of activities. The girls again remained active in service projects, including their third annual See-Saw Marathon, while enthusiastically preparing for St. Pat's and Greek Week. Many hours of hard work resulted in Zeta capturing the first place trophy in St. Pat's as well as continuing their first place winning streak in Greek Week for the sixth year in a row. Zeta Tau Alpha was also proud to have the honor of Jenni Peterson serving as the Greek goddess, Athena.

The year ended with the chapter receiving honors in their province during the annual Zeta Day, which was held in Springfield this year. Eta Theta received the Outstanding Service Award and the Chapter Organization Award.

Allegations Result in Suspensions

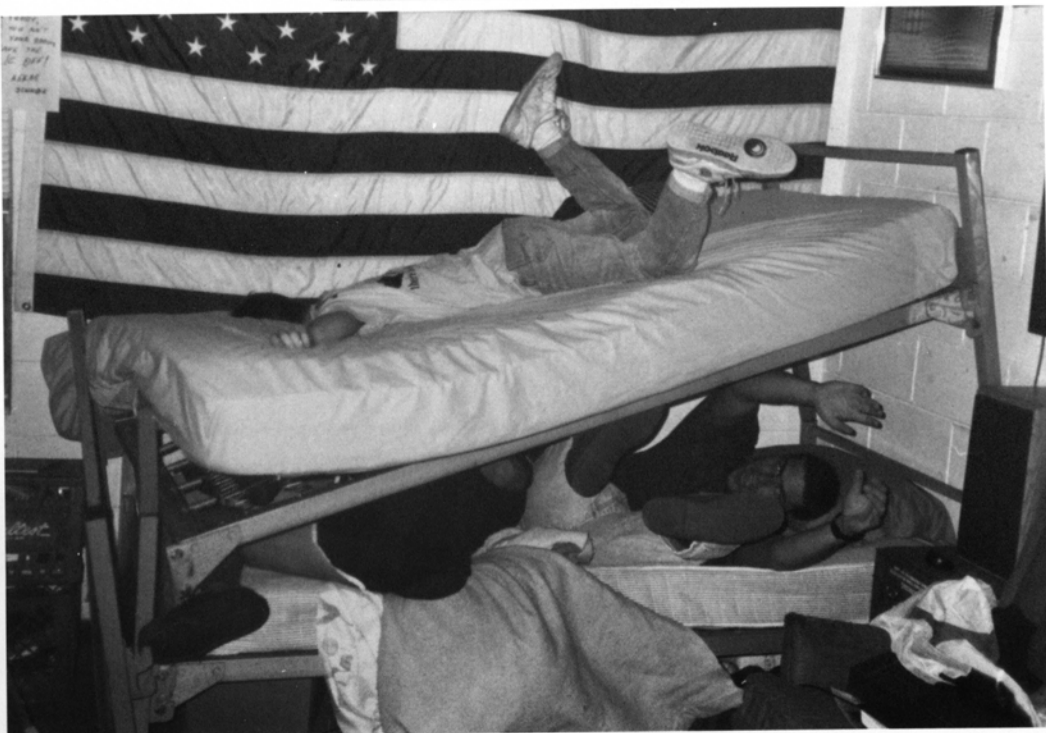

After confidential complaints were made to their national office, twenty members of the Sigma Phi Epsilon fraternity were suspended by national officers and the fraternity was reorganized. The complaints specified certain acts being committed which are looked upon as hazing by the national organization, but are disputed by the members of the fraternity. Many of the members not suspended resigned in protest of the action.

Following the action, which members considered unwarranted, a rally was held to gather support for Sig Ep.

Just for Grins

Once in a while, you just have to let loose and do something completely for laughs, like these people did.

along these lines

S

P O R T S

After more than sixty years of service, Dewey Allgood and Billy Key are...

Saying Goodbye

“Anything worth doing is worth doing 110% or let's not do it at all” is the philosophy Coach Dewey Allgood has preached to the hundreds of athletes he has coached in his 40 years at UMR. It is a philosophy he takes personally.

Now, after 40 years of giving 110% at UMR, Dewey Allgood has retired. During his career here, Dewey has been head basketball, football, golf, men's track and cross country coach. He has also served as intramural director since 1971 and has been a professor of physical education since 1950.

Dewey received his bachelor's degree from North Dakota State University in 1948, majoring in physical education and English, and his master's in physical education from Colorado State University in 1949. He lettered in basketball, football, baseball and track while in college. After receiving his master's degree, he spent a year in Maryville, Missouri, as the director of intermurals and assistant football, basketball, and track coaches for Northwest Missouri State.

In 1950, Dewey made a change. “While I was up there [Maryville], Mr. [Gale] Bullman was down here. He came up and asked me if I would come to Rolla, and made me a better offer than I had up there. I thought ‘With all these guys down here, you had to have a winner’.”

Dewey became the new football and basketball coach at what was then the Missouri School of Mines in 1950. Many of his players were older than him due to the influx of students after World War II. “It's kind of hard to discipline guys that were older than you.”

During his first year here, the football team travelled to Bloomington, Illinois, to play Illinois Normal in the Corn Bowl. The game was played on Thanksgiving Day in 1950 on an ice-covered field. The Miners won their only appearance in a bowl game with a score of 7-6. “It was so cold,” laughed Dewey, “that you didn't care who won.” His biggest memories of the game were freezing to death and getting away with the game ball.

In 1964, the football program was almost dropped. Dewey only had eighteen returning team members, and, as he said, “Some of those were not good football players.” But good recruiting helped to build the team, until in 1969, the Miner team posted a 7-2 record, the best modern day record until Charlie Finley's 1980 team went undefeated with ten wins.

One of the few sports Dewey never coached at UMR was his personal favorite, however. “I really loved baseball. It was an individual sport. It was one-on-one - a challenge all the time.”

Dewey actually played professional baseball in 1941, in the Northern League for the Cleveland Indians' farm team as a

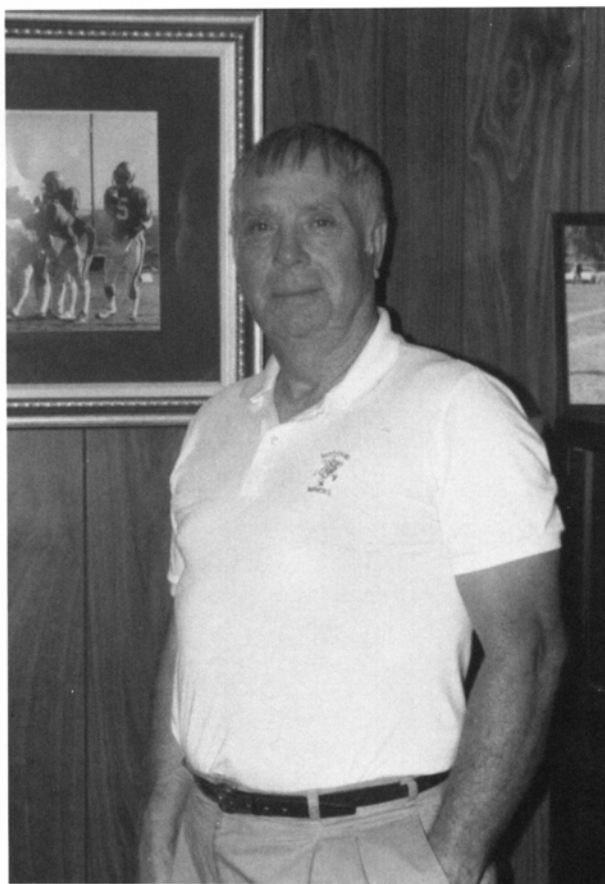

catcher/outfielder. “If you enjoy \$70 a month, riding in old school buses and paying your own expenses at home, it was great. But I enjoyed it.”

One of the things that made Dewey a good coach was the concern he had for his athletes off of as well as on the playing field. He always made sure they were going to class, monitoring their grades and checking with professors.

In his time here, Dewey has seen his athletes struggle through financially. When he started, there were no athletic scholarships. The best they could do was to get one of the few student assistantships and room in the old Jackling gymnasium. Dewey feels that lack of funding is still a problem. “They [the administration] keep saying ‘we're spending the dollar’, but it's not the dollar factor, it's the scholarship factor.”

Forty years is a long time to spend in one place. In that time, Dewey

has touched hundreds of lives through athletics, making sure that his boys would be prepared to face life after school. It has been forty years well spent. *JBM*

“If [UMR] is going to compete in athletics in the MIAA, let's compete all the way.”

- Dewey Allgood

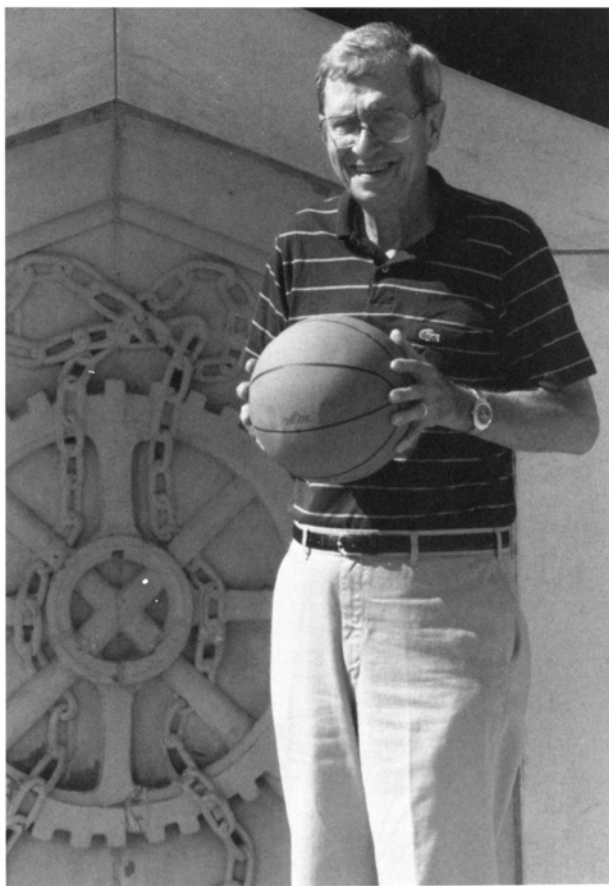

Imagine trying to pick the twelve best collegiate basketball coaches from the nearly one thousand teams in the country. Now think about becoming the president of that group.

In 1976, Billy Key, head basketball coach and Athletic Director for the University of Missouri-Rolla, was elected to the National Association of Basketball

Coaches and became the president during his last year as head coach in 1986. This marked one of the high points of a career that has lasted twenty-two years at UMR and over forty years in public education. After these many years of service, Billy Key retired as athletic director January 1, 1991.

After receiving his bachelor's from Central Missouri State and a master's from Washington University in St. Louis, Billy coached high school basketball at Wellsville and

Monroe City, Missouri. Later he coached the basketball team at Harris Teacher's College in St. Louis, where he met the basketball coach for MSM, Dewey Allgood. He then moved to a coaching position at Nichols State in Louisiana.

In 1964, Allgood was given the position of head football coach and the opportunity to hire a new head basketball coach. He immediately thought of Billy Key.

Billy came to UMR during a period of change in the athletic program. It was the first year athletic scholarships were offered, partially funded by the first student activity fee charge specifically for athletics. It was also the last year a Miner team would play in the old Jackling gymnasium. "It was a very confined gym - antiquish I guess you could say," said Key. "It was very hard to win there," said Billy. The next three seasons were played in the Rolla High School gym while the new multipurpose building was under construction.

In 1976, Billy lead the Miners to their only MIAA title. Several outstanding seniors and a good season of recruiting provided the catalyst for this winning team. He also took teams to the NCAA Division II finals in 1975 and 1976, where they both lost in the first round. In 1985 Billy assisted Larry Brown of the San Antonio Spurs during the United States Sports Festival, leading the North squad to the championship.

In 1967, Gale Bullman retired and Billy took his place as Athletic Director for UMR. During his term, he has seen the athletic program grow from nine men's sports to fifteen, including five for women.

During his entire career, Billy had a record of 535-380, with a 279-278 mark at UMR. But he has always understood that the main focus of the student-athlete should be their scholastic performance. He is very proud of the better than 80% graduation rate of UMR athletes. He has always operated on what he calls his 4-40 plan - influencing the athletes for the four years they are here in preparation for the forty years they will spend working. As his players would agree, he has done this and more. *JBM*

"There is plenty of room and plenty of time for an individual to be an outstanding athlete or a good athlete here and to be a good student."
-Billy Key

Season Spent Acquiring Experience

At the University of Missouri-Rolla this year, both the men's and women's cross country teams were under the direction of Sarah Preston. This was the first year for her to lead the men's team. She added those duties after the retirement of long-time coach Dewey Allgood. She saw the team struggle through the MIAA this year, trailing the rest at the conference championships in Cape Girardeau.

The Miners started this year as a young team consisting mostly of underclassmen. With John Conrad providing senior leadership, the Miners quickly gained experience. Conrad and Steve Hostetter were UMR's most consistent run-

ners, finishing at the top of Miner lists on a weekly basis. Kerry Kimmel, the team's MVP this year, contributed stability to the team. Unfortunately, the team had bad luck with injuries this year. For example, Hostetter missed the conference meet, which hurt the Miners' performance as they finished eighth. Luckily, other runners' seasons steadily improved. Namely, Ron Kochanowicz changed his initial inconsistency and leveled off his times near the season's end. Next year's team, assisted by this year's experience, should be fully improved, especially since nine of ten runners will be back to race next season.

Trying Season For Ladies' Cross Country

Despite a lack of runners, the women's cross country team still represented UMR in various races this year. The Lady Miners did not field a complete team for any meet this year. For this reason, they never received team scores or places this year, but competed for individual places and gained experience. Concerning the individuals, Jeanne Jackson was the most consistent runner, as she won the race in the dual meet with Southwest Baptist and finished as the top UMR run-

ner in all the other races this season. The MVP for this year's team was Gina Turner, who made tremendous improvement from the previous season. Unfortunately, freshman recruit Becky Wilson was prevented from achieving her maximum potential because of an illness. Hopefully, the team's dedication will be rewarded next year with high scores and places. All of the runners will be back next year, and with the addition of a few more, a full team will be in order.

Victories Elude Miners

In a season that saw a little of everything, one thing that did not happen for the UMR football team was a Miner victory. It was only the third time in school history that a UMR football team concluded a winless season. The 0-10 year lengthened the nation's longest losing streak to 19 games, extending the school record. But despite the apparently poor performance, there were quite a few good things that happened along the way.

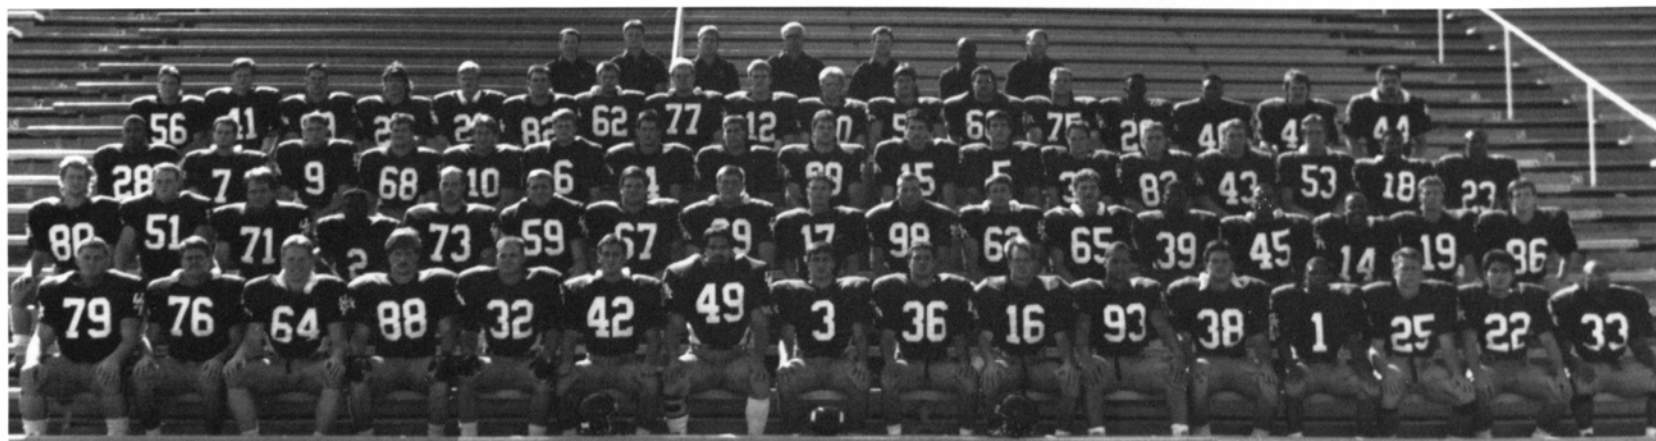

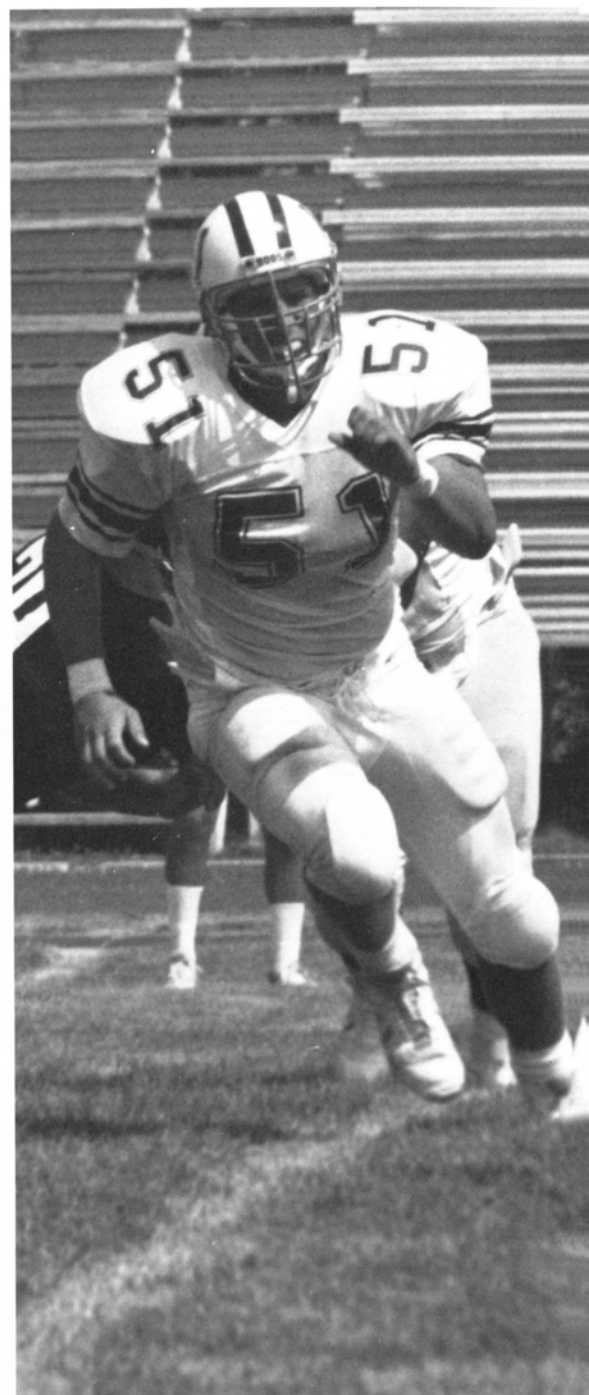

The Miners were on the verge of victories in six of the losses, but failed to execute the necessary plays to pull off the victories. For example, the Miners led in the fourth quarter 17-14 over both Northeast Missouri State and Southeast Missouri State (the MIAA's second and third place teams, respectively) but came up shorthanded in both games. In addition to these key chances, honors bestowed on team members proved to be uplifting.

Two juniors, linebacker Mike Swinford and offensive guard Todd

Young, and senior defensive end Mike Chandler were named to the MIAA All-Conference second team. Another junior, defensive back Mark Diamond, made third team as defensive back. Diamond and fellow defensive back Don Huff also earned Academic All-District Honors for District 7, also making them eligible for Academic All-American Honors.

Besides the outstanding efforts of these players, the performance of certain other individuals also provided bright spots. Although he left for personal reasons eight games into the season, running back Vincent Banks finished among the nation's leaders in punt returning. Others who had a solid year included sophomore running back Rick Henry, the team's leading rusher with 464 yards; senior linebacker Mike Noble; junior defensive lineman Kevin Riggs; sophomore wide receiver Chris Alverson; and senior offensive linemen Bill Johnson and Dave Christensen.

Ups... and Downs...

"Hold on to your hats, folks" probably could have served as an appropriate motto for the men's soccer team. The season fluctuated tremendously, taking a roller coaster ride from uplifting victories to disappointing losses. The team's lack of consistency is reflected in its final record of 8-10-1.

Although the Miners embarked on the season with high hopes, injuries and personal problems caused the team to be short handed the majority of the time. At first, an arsenal of six returning starters, strong leadership, and talented newcomers seemed to promise great things for the future. But a schedule consisting of 19 difficult games was expected to be one of the toughest ever faced by the Miners.

After an encouraging start in the Gardner Cup, the Miners took a rough path to the end of the season. Notable wins included those over Lewis, Bellarmine, Kentucky, UMKC, Lindenwood, Westminster, and Southern Indiana. These high points provided the team with in-

centive throughout the year.

In order for the season to turn out as it did, teamwork and effort were required. Filling in for injured teammates constantly occurred this year. Defenders Larry Frans, Bruce Campbell, and Aaron Basham all missed several games due to injuries. The loss of Chris Sulincevski dealt a tough blow to UMR's offense. Then, midway through the season, captains Bob Schneider and Jeff Schaefer were injured, disrupting much of the team's stability. Other players, however, did their best to make up for these losses. Doug Tieber led the team in total points, and Pat Snider netted eight goals of his own. Chalking up four shutouts this year, Bill Faherty proved himself many times in goal. Aaron Basham provided consistency at sweeperback.

Although they could never really keep a winning streak alive, this year's soccer Miners gave their best efforts. Although there will be holes to fill next year, hopefully this year's hard work will pay off.

Despite certain disadvantages and obstacles, this year's Lady Miner soccer team worked hard all season, giving their best effort in every game. Every outing proved to be a challenge and everyone's dedication was necessary. If points were given out for effort, this year's Lady Miner soccer team would have been a winner every time. But this year's team, under the leadership of Coach Boucher, found difficulty in each outing by having only twelve players, which allowed for only one substitute, thus making play difficult for everyone.

Yet, in the end, this determined squad of girls persevered, gaining their first win over Maryville College 2-1. This well-deserved victory in the last week of the season provided a reward for the team's efforts throughout the season.

In addition to the lone victory, there were also other bright spots throughout the season. Overtime ties ending in scores of 1-1 occurred against both Rhodes and Westminster. Individual players' efforts also stood out. Lisa Burwell accounted for two-thirds of the team's goals this year with four, including both in the victory. Stephanie Swift and Cynthia Peters added the majority of the other goals. Outstanding defensive play was provided this year by Leslie Sawyer and Melissa Moore, who enabled the Miners to remain close in many of the losses. Kim Dale also contributed her talents throughout the year.

Overall, this team deserves much praise for its dedication and effort in the face of adversity. Hopefully, with a good recruiting season, there will be some fresh faces to help out next year.

Miners Splash to Victory

Posting a season record of eleven wins and only four losses, the UMR water polo team had a very successful year. Half of the team's losses came at the hands of the University of Arkansas-Little Rock, a top ten school in Division I.

A look at the scores gives some idea as to the team's biggest strength. "This is a very physical team," said Coach Mark Mullin. "The guys are not afraid to mix it up." The strong defense kept the opposition from scoring, while allowing the offense time to capitalize on the advantage.

Mullin faces a year of rebuilding. The loss of several key players leaves the team in need of experienced players, a rare commodity. Most of the players are recruited from the swim team and have little exposure to the game. Mullin hopes to get more freshmen like Paul Baudendistel, a first-year player from St. Louis University High School with a good background and all-around abilities. Even with the addition of several new players, Mullin expects a competitive year as his young team gains experience.

Aiming For Perfection

Under the direction of SFC Richard Moen this year, the University of Missouri-Rolla rifle team traveled to nine matches. They suffered one loss to Westminster and two losses to Kirksville. At the NCAA Division II Sectional match, the Miners placed second. They also received second at the Missouri Intercollegiate Rifle League

Championship match. At the two National matches in which the Miner squad participated, they placed approximately 24th each time.

Although five men attended and shot in the matches, there were almost twenty people who began practicing at the year's start. Of the top five, all will return to

shoot next year. The team's MVP, junior Todd Eisenhauer, finished as the top male shooter in the entire league. Junior Charles Fox placed second highest in the air rifle Missouri championship. It was the first year on the team for Mark Keller and John Stone, so experience should be on their side for next year.

Just Couldn't Do It Again

After making an appearance in the MIAA Post-Season Tournament last year, their first since 1981, the University of Missouri Rolla men's basketball team looked to attend two in a row. But after losing the last four games of the season, the Miners missed their chance.

This year's team was led by senior captains William McCauley and Chris Schneider. McCauley had missed most of last season, but returned this year to play in, and start in, almost every game. Schneider proved to be a rebounding machine for the Miners, averaging almost eight per game. For his efforts, Chris Schneider, who started every game, was named as

an honorable mention selection by the MIAA.

During tough stretches the sophomores provided much of the team's strength. Chris Dawson and Bill Jolly, both members of the MIAA All-Freshman team last year, led the team throughout the year. After starting in every game, Jolly went on to lead the Miner scoring in total points, field goals, three point shots, and free throws. He averaged almost 19 points per game, the team high. These fine statistics easily secured a spot on the All-MIAA second team for Jolly. Dawson, who was second only to Jolly in most of the scoring categories, was also named as an honorable mention selection by the MIAA.

Lady Miners Continue to Contend

Once again, the University of Missouri-Rolla Lady Miners basketball team proved to be a tough contender in the MIAA this year. Despite losing the all-time leading scorer in school history, Jennifer Cordes, UMR still went 17-11 overall and 9-7 in the MIAA.

The Lady Miners were guided by four seniors this year. Sarah Conyers, center Casey Engstrom, forward Jennifer Schnur, and guard Jan Grotenhuis all played their last season this year, with Schnur and Grotenhuis anchoring the team

as captains. Junior Trish Van Diggelen, who tied two NCAA scoring records for her three-point shooting, led the team in scoring, average points per game, and three-point shots. After ranking fifth nationally in three-point shooting, she was named to the women's second all-conference team in the MIAA. Schnur, Grotenhuis, Engstrom, junior Suzanne Spencer, and sophomore Stacy Mathes were selected to honorable mention for the MIAA team.

Leadership Pays Off

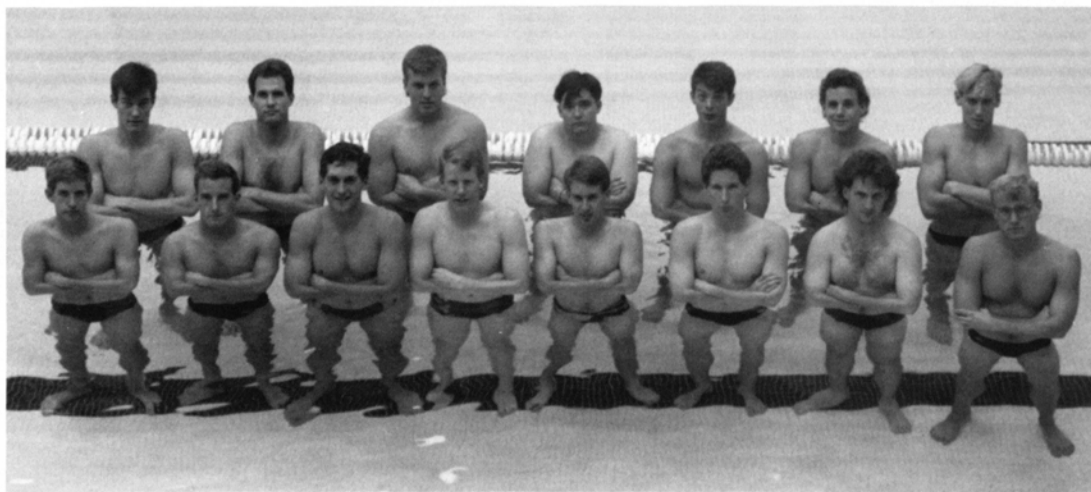

Led by Coach Mark Mullin and seniors Steve Fulkerson and Andrew Zimsen, this year's swim team posted a very successful season. Both Fulkerson and Zimsen were invited to participate in the Midwest Regional Championships in Indianapolis, Indiana. Fulkerson was a finalist in the breaststroke and freestyle, while Zimsen took second place in the 200-meter butterfly.

Junior Jeff Kuta, another standout this year, earned All-American honors at the NCAA Division II Swimming and Diving Championships held in Brown Deer, Wisconsin, on March 14-16 by finishing third in the 100-yard freestyle event. He was undefeated in the two

shortest freestyle events prior to nationals, and finished forty-first out of one hundred-ten swimmers at the United States Junior Nationals in Seattle, Washington, with a time of 23.97 seconds in a long course pool.

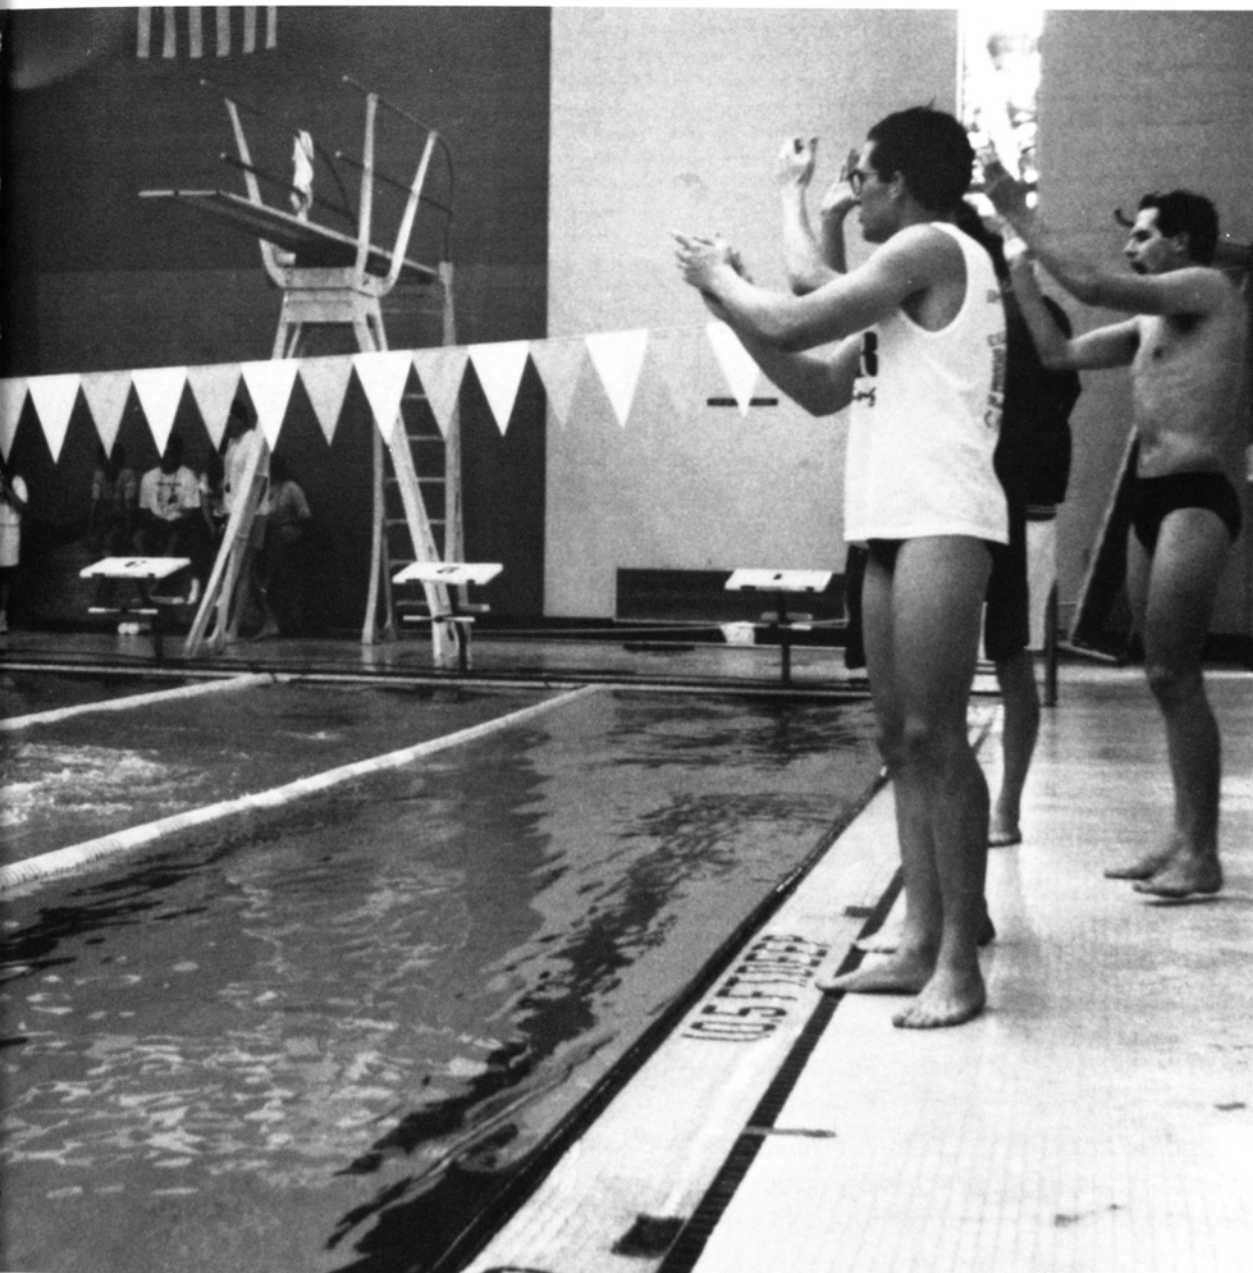

"He had a tremendous year for us," stated Mullin. "It is amazing to go undefeated all year. He went through an entire regular season without losing a race in the 50- and 100-yard freestyle events."

Two freshmen have been signed to add strength to the team in the butterfly competition next year, and Mark Cresswell will be returning. Mullin is looking forward to an improved and close-knit team next year.

Diamond's Toughness Prevails

Although the team did not achieve plateau levels as a whole, certain members of the 1990-91 University of Missouri-Rolla baseball team had outstanding individual performances.

The Miners closed out the season with a 5-26-1 record, losing three of their last four games to Washington University and University of Missouri-St. Louis.

Kevin Dry, a junior outfielder from Cape Girardeau, MO, was the lone UMR player to be honored by the MIAA on the all-conference team. Dry, a .291 hitter this season, was named to the All-MIAA second team and was a first-team South Division pick.

Rightfielder Eric Abel led the

Miners in hitting for the second successive year, as he came in with a mark of .295. Abel also stole the most bases for the Miners, pilfering a total of nine on the year. Todd Oetting, the third member of the opening day outfield squad for UMR, slipped behind Abel in the season's last weekend and finished up with an average of .293. Oetting did manage to lead the team in home runs, with a final total of four.

Jeff Mitchell was the club's earned run average champion, finishing with a 3.43 ERA despite a 1-7 record. Freshman Tim Pruett, who led the staff in wins with two, was close behind in ERA with a 3.47 mark.

UMR Baseball: Front Row: Asst. Coach Ron Hunt, Brent Massey, Tim Pruett, Todd Oetting, Kevin Dry, Steve Zoll, Steve Ruffing, Tom Hart, and Jeremy White.

Another Year of Success

For the third straight year, the Lady Miners had a strong showing at the MIAA softball tournament. UMR finished in fourth place at the event, after placing third and second over the past two years.

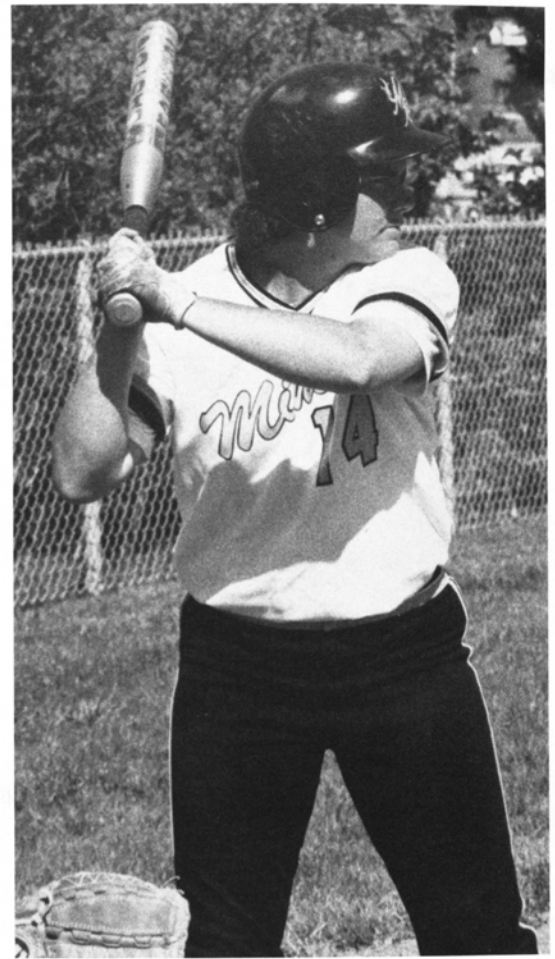

The Lady Miners were one of just four teams to survive the first day of competition, as Jenny Crede had three strong outings on Friday. UMR knocked off the MIAA North Division's top seed, Central Missouri State, 3-2 in the opening round. UMR then held a 3-1 lead on eventual champion Southeast Missouri State before the Otahkians rallied to win in the bottom of the seventh 4-3.

Crede fired a 5-0 shutout at Pittsburg State to finish Friday's action, but after Central spotted UMR a first inning run in the

rematch Saturday, Central responded with two runs of its own and never looked back in the 5-1 win.

Crede finished the season with impressive numbers — a record of 18-12, an earned run average of 1.38, seven shutouts, and a total of 163 strikeouts. Joann Stratman was one of four Lady Miner players to hit over .300, as she posted a team-leading mark of .321.

Crede, Teri Schofield (.305 batting average), Christy Cheeley (.225) and Teresa Dickenson (.312 and a team-leading 20 RBIs) were second team All-MIAA selections. Dickenson and first baseman Ellie Hudson (.308) were All-MIAA South Division selections for the 21-20 Lady Miners.

UMR Softball: Front Row: Teri Schofield, Teresa Dickenson, Dyan Risher, Sarah McCorkle, Leslie Wickers, and Shelly Backues. **Back Row:** Joann Stratman, Jenny Crede, Troci Keen, Asst. Coach Kristy Weber, Head Coach Tina Costello, Asst. Coach Lisa Burwell, Raquel Rogado, Ellie Hudson, and Christy Cheeley. Photo by Khan Powell.

Left: As a good kleptomaniac should, Dyan Risher looks to beat the second baseman for the steal.

Below: Jenny Crede, leaning back in her windup, concentrates on keeping the delivery low.

Left: As the runner advances to second, Ellie Hudson whips the ball across the diamond to get the easy fielder's choice, ending the inning. Photos by Khan Powell.

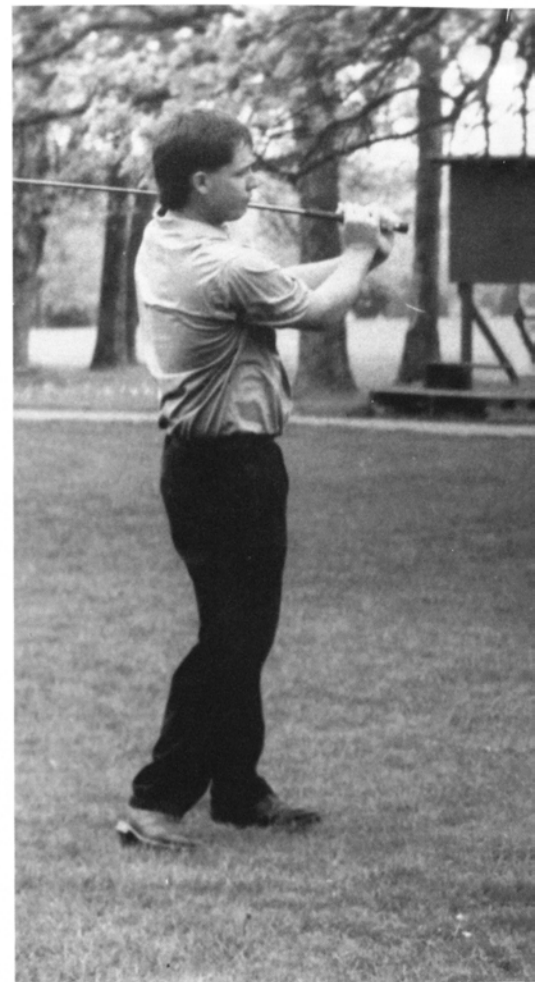

Eventful Year Develops A Young Team

The UMR golf season ended with the Miners finishing in ninth place at the MIAA Championships held at the Oaks Course at Tan-Tar-A, Lake of the Ozarks. Freshman Brian Haggard was the team medalist with a score of 259 over the two-day event. John Stewart, also a freshman, was second on the team with a two-day score of 266.

This year's team was composed entirely of freshmen, so the entire team will return next year with more depth, confidence, and experience. The MVP for the Miner

squad this year was Brian Haggard. He consistently led the team every time.

At the Missouri Intercollegiate meet this year, the team enjoyed its best outing, according to Coach Bud Mercier. They finished thirteenth out of twenty-seven teams, with Brian Haggard topping the team with a score of 76/81 for the event. Later in the year, at the UMR Best Ball held at Oak Meadow, the Miners fell only three shots short of defending the title. The University of Missouri-St. Louis beat the Miners in a tough battle.

Above: Teammates David Messa and John Stewart practice before they begin the tournament.

Near Right: Following through on a clean stroke, David Messa looks far in the distance, hoping to see his ball landing neatly on the green.

Far Right: Concentrating intensely on the center of the ball, Brian Haggard thinks about keeping his head down and his swing tight in order to keep the ball in play on the fairway. *Photos by Jason Meriwether*

Team Guided By Experience

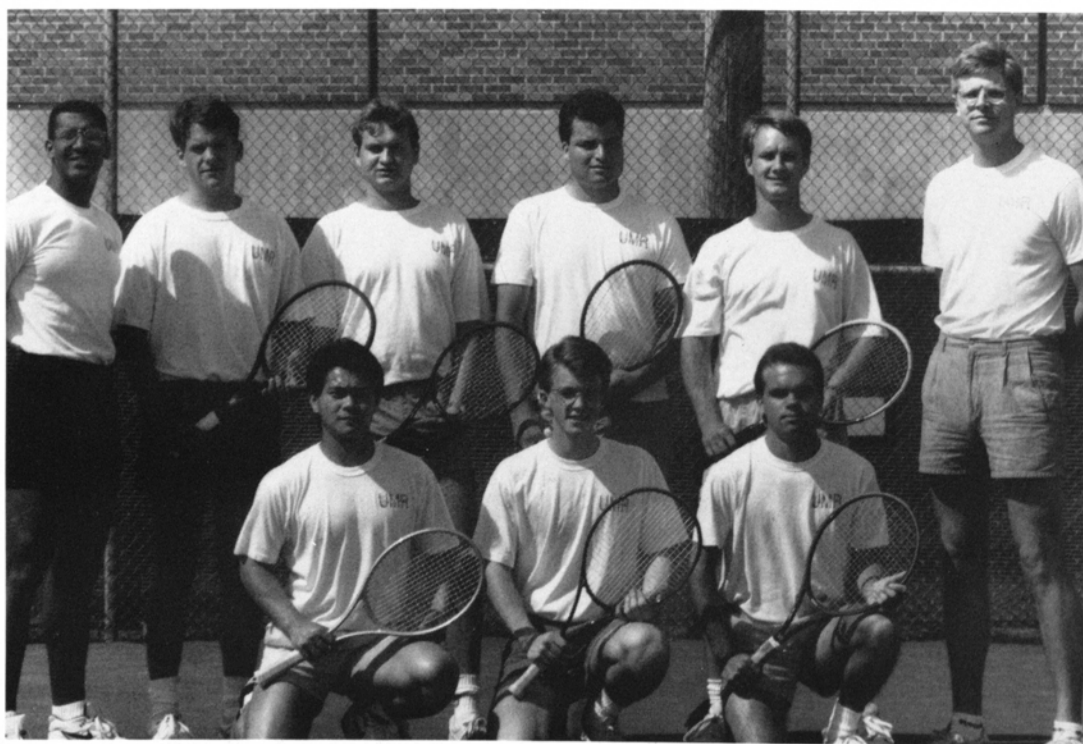

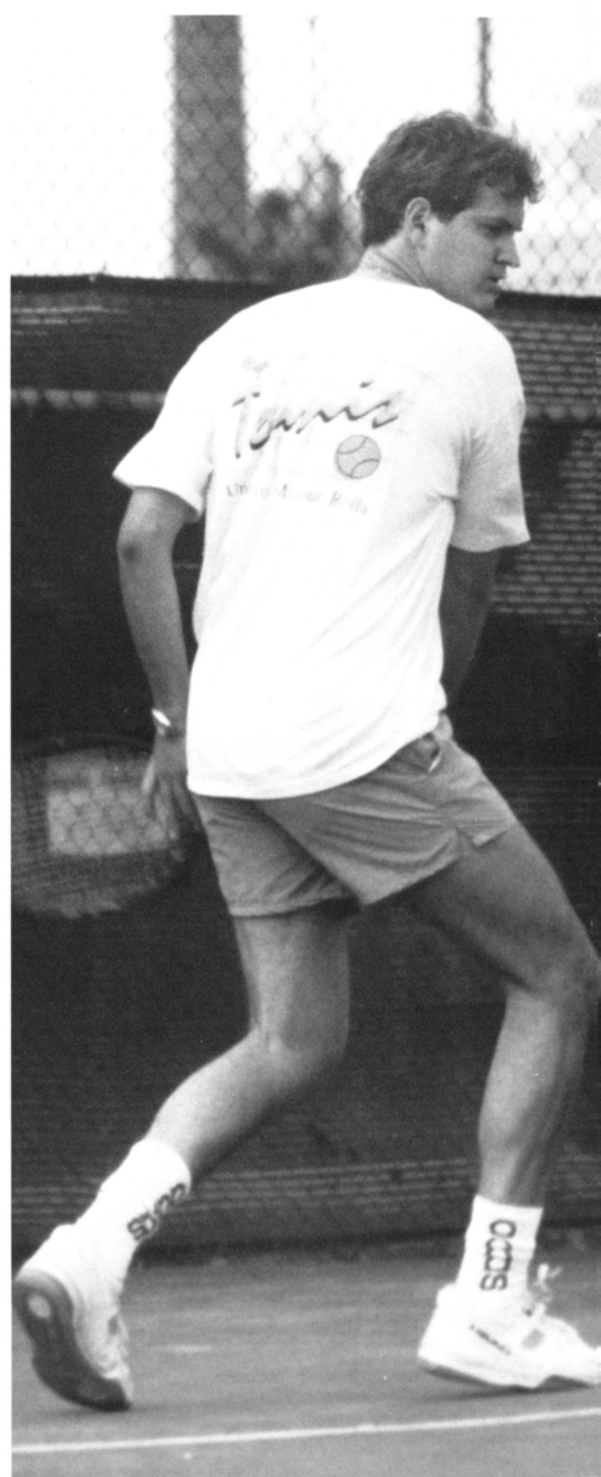

The tennis season closed at UMR with the Miners tying for sixth place with the University of Missouri-St. Louis. National power Southwest Baptist won the meet by a wide margin.

Only two UMR teams came away victorious, and both were in the doubles competition. The team of Jon Johnson and Ed Suranant took fourth, winning a pair of matches before falling in the consolation finals. The team of Vic Turnell and Drake Clarke also won a first round consolation match before losing in the consolation semifinals.

This year's team was composed mainly of upperclassmen, which means that four seniors--

filling the numbers 1,2,3, and 5 singles slots--will not return next year. Therefore, Coach Deffebaugh expects next year to involve some reloading. He expects lots from talented freshmen Drake Clarke and Jodi Zung, and hopefully the team can pick up some new additions next fall.

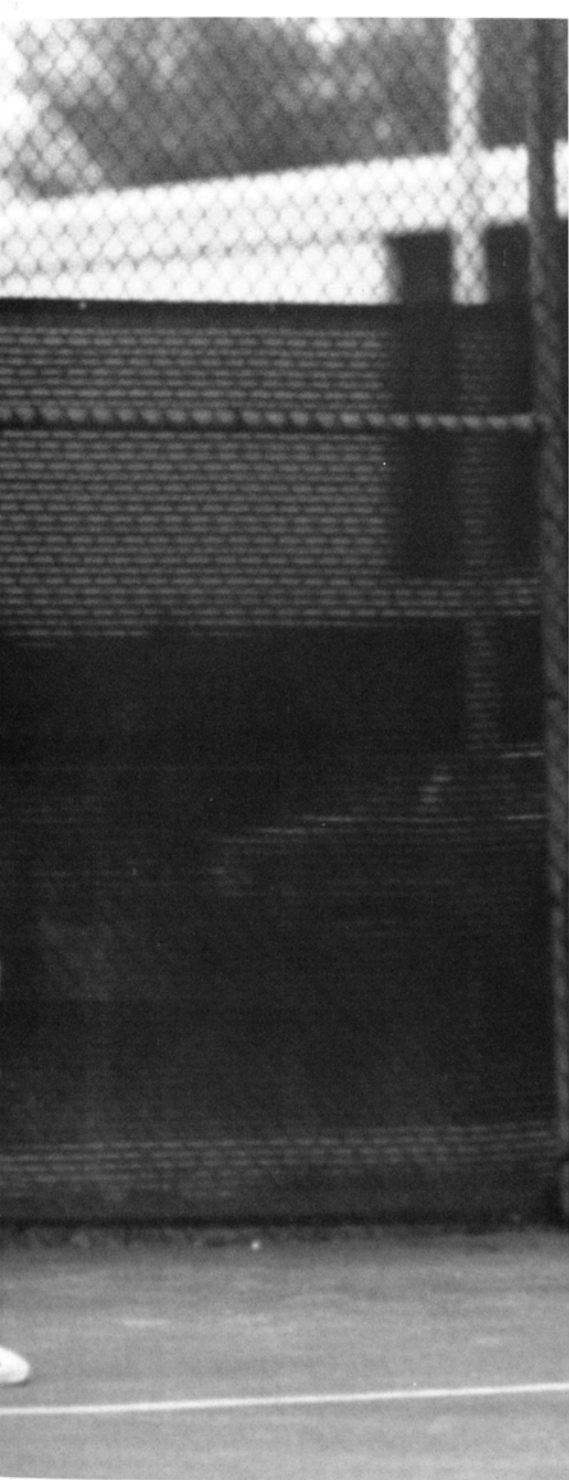

Capping off an excellent senior year, Ed Suranant was named the team's MVP. A solid, dedicated player who held the #1 singles slot for two years, Jon Johnson ended a magnificent minor tennis career. Jay Hertel exhibited steady play this season, and with some hard work will be a fine MIAA player next fall.

Front Row: Ed Suranant, Mike Bosch, and Jay Hertel. **Back Row:** Coach Tommy Deffebaugh, Drake Clarke, Harold Martin-Vignerte, Victor Turnell, Jon Johnson, and Asst. Coach Berkstresser. **Not Pictured:** Jodi Zung. Photo by Khan Powell.

Individual Successes Galore!

The men's and women's UMR track teams had very successful seasons this year, especially on the individual level. Although both teams finished in eighth place at the MIAA Championships held at Maryville, performances by certain athletes made up for the team's position. In addition, many old records were shattered this year by both men and women.

Men's outdoor track MVP Eric Crumpecker, who set new UMR indoor and outdoor shot put records, placed fifth in both the conference meets. Men's indoor track MVP Scott Musgrave, who set a new indoor school record in the triple jump, earned second place outdoors and indoors at conference, and also participated in nationals. Jeff Hurt and Pat Risner also placed at conference, in addi-

tion to Melissa Hudson (women's indoor MVP) and Jennifer Schnur.

Such individual feats throughout the season were notable, but the highlight was provided by javelin thrower Casey Engstrom. Engstrom, a senior from Paragould, Ark., won the javelin competition at Maryville with a throw of 135 feet, 4 inches. This was the first time in history that a woman from UMR was a conference champion in her Track and Field event. Also, Casey then advanced to the NCAA Division II National Championships, where she placed ninth. In addition to being named Women's Outdoor MVP for the fourth consecutive year, Casey also set the new school record for javelin with a throw of 144 feet, 10.5 inches.

Above: Jeff Hurt stretches to gain every inch in the long jump.

Right: Jeff Hurt takes the baton from Kurt O'Brien as he finishes his leg of the relay.

COMMENCEMENT

Graduation from college is a step we all look forward to as we struggle through our daily studies. For almost 1,000 UMR students, this landmark achievement was realized this year. Those of us who are left congratulate you, and hope to one day be crossing the same stage.

The December Commencement was held in the Gale Bullman Multi-Purpose Building. The commencement address was given by John P. Lichtenegger, a member of the University of Missouri Board of Curators. The degree of Doctor of Engineering (Honoris Causa) was awarded to Thor Gjelsteen, chairman of Frontier Gold Resources and a graduate from UMR. Also, Nicholas C. Oros deserves great respect for graduating from UMR with a 4.00 average.

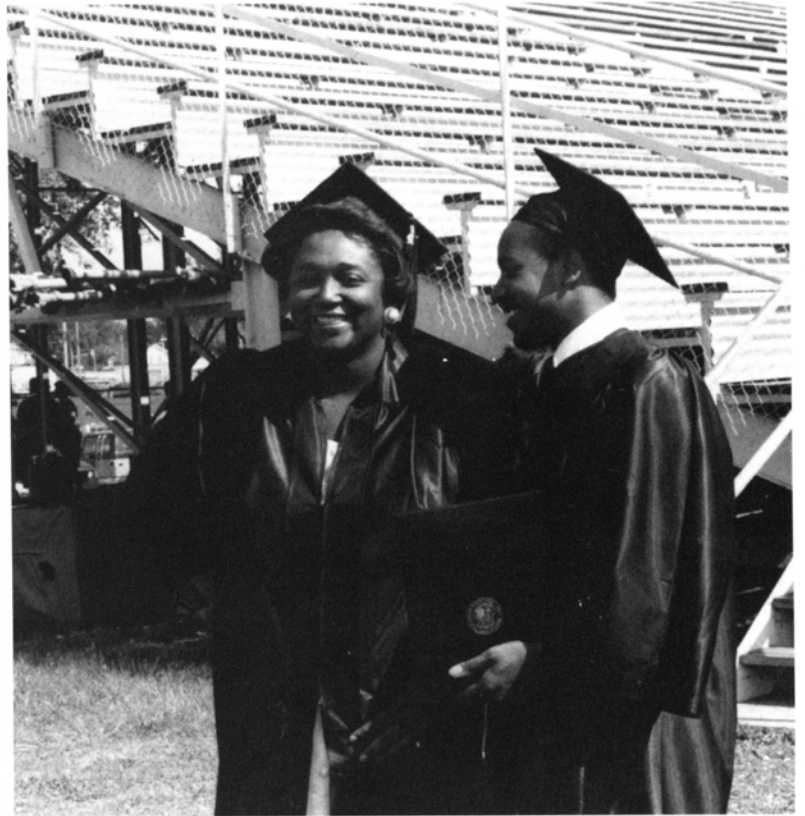

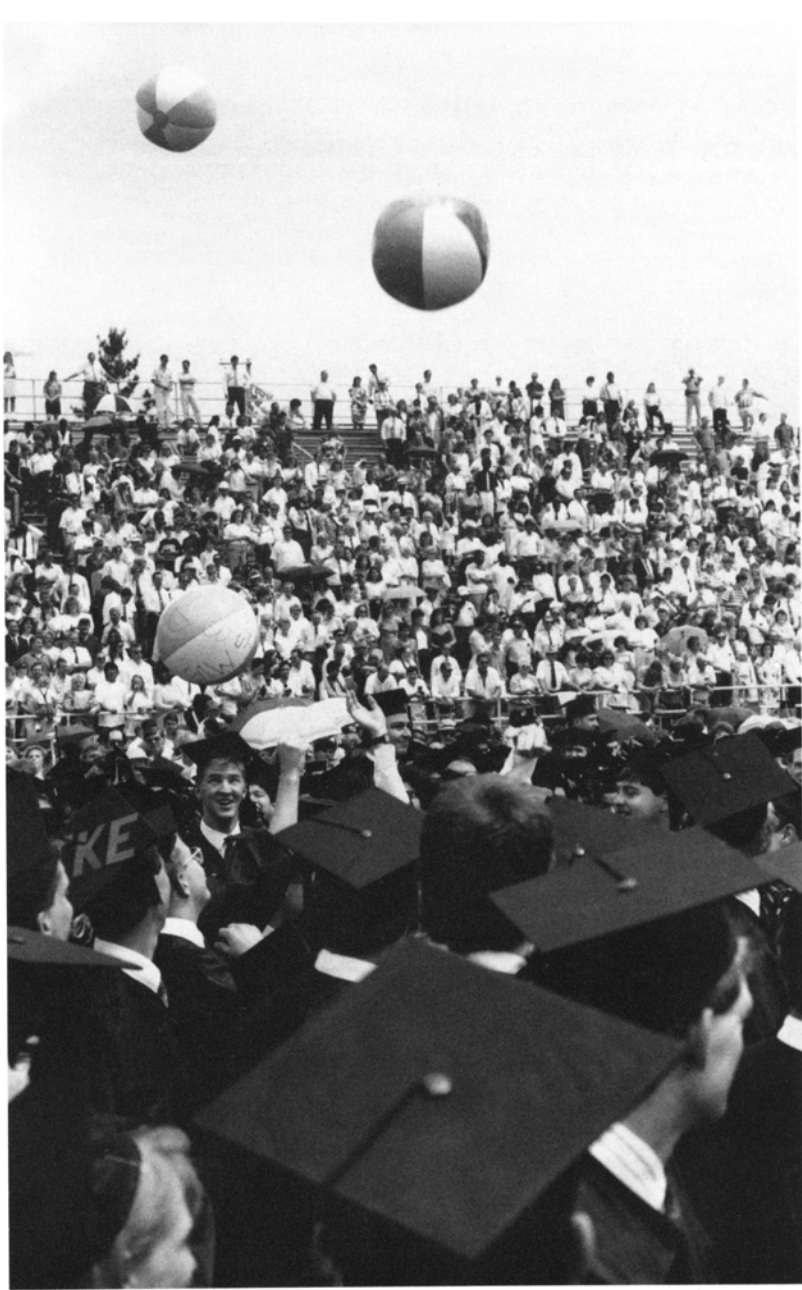

For the first time in two years, May Commencement was held outside. Although it threatened to rain in the morning, the skies cleared and everyone enjoyed a warm day outside. M.W.J. Smurfit, chairman and C.E.O. of Jefferson Smurfit Packaging Limited, gave the address for May Commencement, and was also the recipient of an Honorary Doctor of Engineering Degree. Two students, Robert L. Parsons, and Patrick D. Tepesch, graduated at this ceremony with a 4.00 average.

Top: Curator John P. Lichtenegger admonishes students to look toward the future. Photo by Mike Schmid

Bottom: December Graduates wait in the basement of the multi-purpose building for the beginning of the ceremony. Photo by Mike Schmid

Above: Claudia Tutt and Al Cummings celebrate after the ceremony.

Left: The appearance of beach balls at commencement is one of the lighter moments of the ceremony.

Left: Parents and friends eagerly try to capture the moment on film.

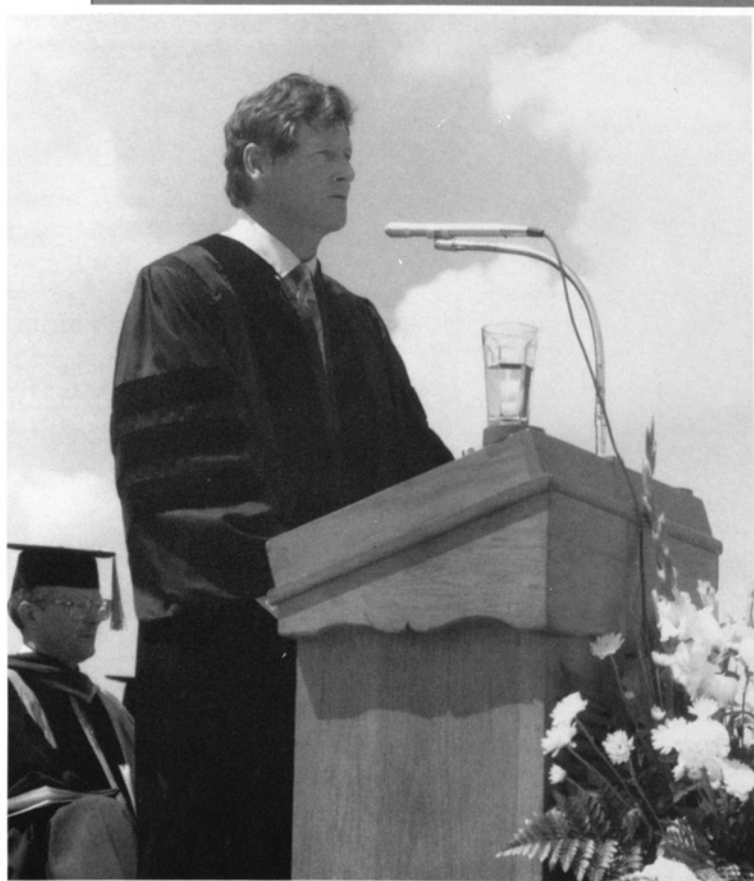

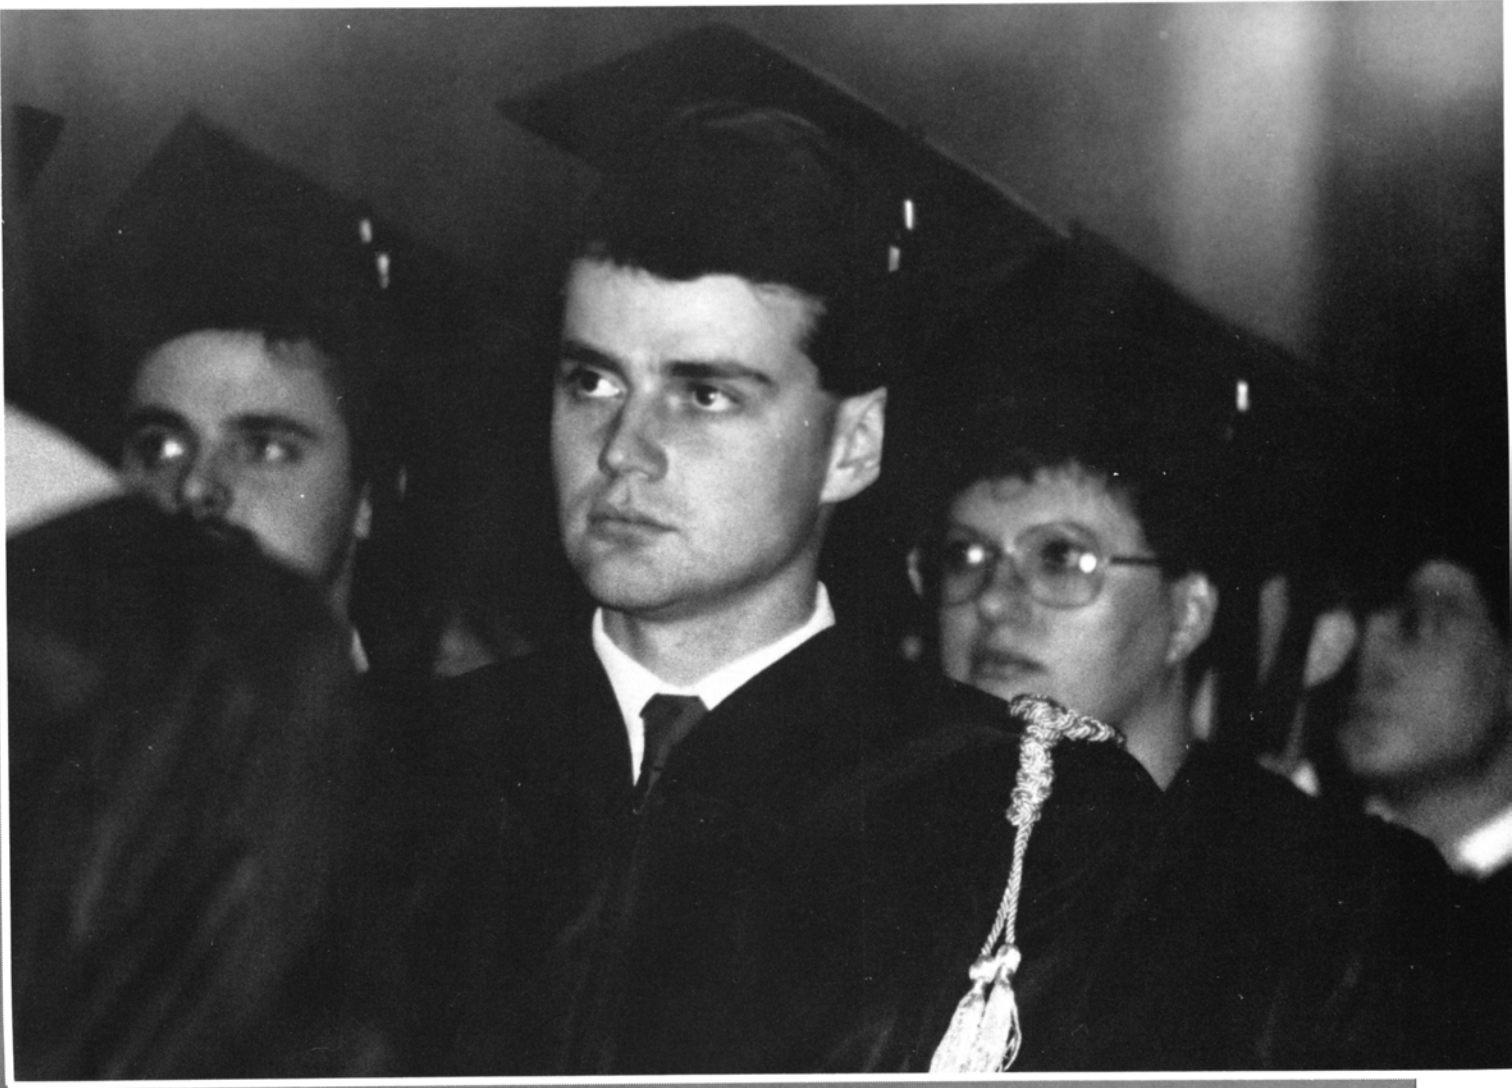

Top: Mining Engineers were easily recognized at May Commencement by their unique mortarboards. *Photo by Ed Hassinger*

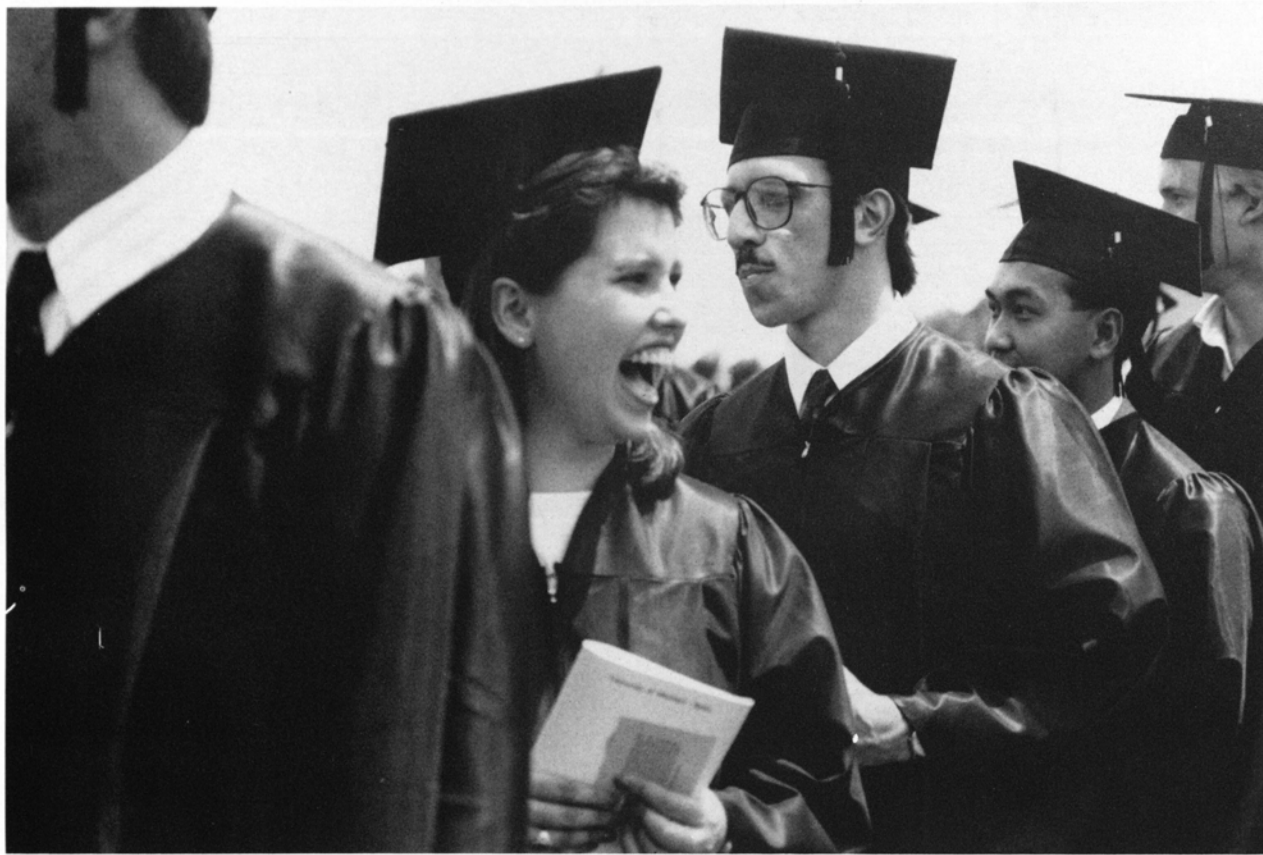

Bottom: M. W. J. Smurfit gives his commencement address at May graduation.

This yearbook is dedicated to the memory of the following people:
Gregory Brune
Chris Reynolds
Marshall Findley

Colophon

Volume 85 of the University of Missouri-Rolla *Rollamo* yearbook was published by Walsworth Publishing Company of Marceline, Missouri. The cover, designed by Deane Schroeder, is silk-screened and hot-foil embossed. The book was printed on number 80 enamel paper. Headlines were set in Avant Garde, body copy and captions in Bookman, and the folio tabs in Brush Script. Senior portraits were produced by Vardens Studio. Additional production facilities were graciously provided by the UMR Publications Department.

Editor's Note

As I look over the final copy of the *Rollamo*, I am coming to the realization that my whole time at UMR has been tied to the yearbook. I started six years ago as a freshman. As I walked up the stairs of the Rolla Building, I seriously considered turning around and leaving. Luckily, I didn't, because working on the *Rollamo* has given me much more than I feel I have given it. It gave me an outlet to the

trials of school work and an opportunity to do things I might never do again.

The book you are holding represents a turning point in the history of the *Rollamo*. For 84 years, the yearbook was meticulously laid out by hand on large triplicate carbon forms; for most of that time, the stories were typed on copy forms. This year the *Rollamo* was laid out on a computer and submitted on disk to the publisher. This allows the staff to see what the book will look like before it is sent. We think that it is one of the best ever produced, and have high hopes for improving it as the staff becomes more adept using the system.

Many thanks go to the staff of this year's book. Their skill and talent really made the book what it is. Specifically:

Mike - for sticking it out and making sure everything was taken care of for me - "Smile and say 'Barefoot and Pregnant!'"

Angela - for the outstanding job on the organization layouts - "I should be done in about an hour."

Greg - for stepping in and taking over Reslife after Chris' death and for your expertise in getting and setting up the current computer system - I truly couldn't have done it without you.

Jason - for taking over Sports when Deane and I had "creative differences" - I hope you approve of the triangle!

Robin - for typing in all those names and putting on all those stickers - I owe you a box of Frosted Flakes!

Lance - for loosening the purse strings and buying things that we didn't seem to need at the time - here's to the next 20 years (bet you thought I didn't notice!)

A few more people who had a more backstage role but were just as important to the book's success:

Debbie and Mike - for putting up with my daily phone calls and being patient as I learned the ropes - "I've got a question..."

Kathy - for the pictures, computer help, and an intro into the world of design but more for the sympathetic ear, support, and all the late hours - "Okay, okay, okay... this book definitely has pants!"

Cathy - for just listening and giving advice - it is worth it after all, isn't it?

Mrs. Myrick - for giving me my first glimpse of journalism, not kicking me out of class for smelling of gasoline, and giving me a role model when I was in charge - my hat's off to you for staying in as long as you have.

Mr. C - for teaching me what I know of photography, which ultimately put me where I am now (the hot seat), and "playing the game", which has helped me immensely in my dealings with the public - "And miles to go before I..."

And of course to my family, for believing I could make it through this place even when I didn't - I love you all very much.

Jason McHaney
Rollamo Editor-in-chief
